DEDICATION Robert M. Patch June 27, 1941 – June 13, 2021

After attending East Rochester, NH and Lebanon, ME schools, Robert began working at his father's garage in Lebanon. Over the years Robert worked various jobs and eventually ended up at State Line Garage for several years. He and his wife Mary opened R&M Garage in 1983. Robert was well known to be a fair and honest mechanic. A trait much appreciated by all who frequented the garage. After Robert "retired" he went to work at the Lebanon Transfer Station for more than 10 years.

Starting in his late teens, Robert enjoyed stock car racing, frequenting tracks such as Lee, Star, Hudson, Arundel, even starting at the old Dover raceway. It was a serious hobby that lasted into the late 1980's leading to many wins and trophies.

Robert's other passion was restoring classic cars. His pride and joy being a 1955 Ford Thunderbird. A car that turned heads and started many a conversation. Robert & Mary attended car shows and brought home just a "few" trophies.

DEDICATION

Mary Elizabeth Kinney

December 11, 1970 – August 8, 2021

Mary began her career in Lebanon as Animal Control Officer in 2000 and remained in that position until her death in 2021. Mary's love of animals was apparent in the devotion she had for her job. She loved what she did and was a wonderful advocate for animal rights. She would speak her mind to all when it came to animal cruelty and abuse. Mary adopted many dogs and cats over the years if they needed a home. Mary would spend hours or days finding a home for animals in need and she was a tough one to say no to. Mary was involved with various organizations including For Spoiled Pets, Emma's Angels, Another Chance and Animal Welfare Society.

Board of Selectmen 207.457.6082 Option 5 15 Upper Guinea Road Lebanon, ME 04027

To The Residents of Lebanon:

The past year we found ourselves still battling the COVID-19 pandemic. We would like to thank our employees and volunteers who continued to work throughout. We would like to thank you all for the hard work and dedication to the job. As you know, this annual report is to provide you with an over-view of fiscal year 2020-2021. In the past year, we said good-bye to Selectwoman Corinna Cole as she chose not to seek another term. With the departure Selectwoman Cole, the town voted in and we welcomed, James DuPrie. The town also recalled Selectman Charles Russell, Jr. and operated with 4 selectmen rather than having a Special Election to elect a replacement.

We are always interested in your feedback and/or suggestions. Please don't hesitate to reach out to us as a Board or individually. If you are interested in being involved in some way, we are always looking for volunteers. The Select Board meets on Thursday evening and you are welcome to attend or you can watch the meetings on YouTube. Let us hope for an end to the pandemic and a bright future ahead!

STATE OF MAINE **MAINE SCHOOL ADMINISTRATIVE DISTRICT NO. 60** DISTRICT REFERENDUM SAMPLE BALLOT FOR THE TOWN OF LEBANON **JULY 14. 2020**

Water the charles Chair of the School Board

INSTRUCTIONS TO VOTERS:

♦ Vote "Yes" or "No" by filling in the oval ● of your choice at the left of each article.

Yes Question 1: School Budget. Shall Maine School Administrative District No. 60 appropriate the sum of \$42,724,732.00 and raise the sum of \$20,719,228.00 for the 2020-2021 school budget?

School Board Recommends a "Yes" Vote.

VOTER INFORMATION FOR QUESTION 1

The Maine School Administrative District No. 60 school budget submitted in this Question 1 totals \$42,724,732.00. It includes locally raised funds in the amount of \$20,719,228.00, to be assessed in shares to member municipalities in accordance with the District's cost sharing formula and state law. The locally raised amount exceeds the maximum state and local spending target by \$5,740,421.00. This budget includes these cost centers and amounts:

Cost Center	Amo	ount Appropriated
Regular Instruction	\$	16,977,783.00
Special Education	\$	7,493,257.00
Career and Technical Education	S	40,165,00
Other Instruction	\$	1.050,545.00
Student and Staff Support	\$	4,652,801.00
System Administration	\$	1,134,168.00
School Administration	\$	2,286,615,00
Transportation and Buses	S	3,722,694.00
Facilities Maintenance	\$	5,292,774.00
Debt Service and Other Commitments	\$	0.00
All Other Expenditures	\$	73,930.00
Summary of Total Authorized School Budget Expenditures:	\$	42,724,732.00

0 No 253

П

O Yes Question 2: District Nutrition Program: Shall the District be authorized to raise and appropriate \$126,000.00 for the school nutrition program with authorization to expend any additional, incidental, or miscellaneous receipts in the interest and for the well-being of the school nutrition program?

School Board Recommends a "Yes" Vote.

Question 3:

District Adult Ed Program. Shall the District be authorized to appropriate \$437,410.00 for adult education and raise \$283,680.00 as the local share, with authorization to expend any additional, incidental, or miscellaneous receipts in the interest and for the well-being of the adult education program? School Board Recommends a "Yes" Vote.

O No

Question 4: Minor Capital Bond. Do you favor authorizing the School Board of Maine School Administrative District No. 60 (the "District") to issue bonds and other evidences of indebtedness in the name of the District in an amount not to exceed \$1,803,265 through the State of Maine's zero interest rate/loan forgiveness School Revolving Renovation Fund Program for Priority 1 Health, Safety and Compliance renovations to District schools, including sprinkler systems at Hanson Elementary, Hussey Elementary, and North Berwick Elementary schools, and asbestos remediation at Noble Middle school (the "Project")?

> Zero Interest/Loan Forgiveness Program: The Maine Department of Education has awarded the District a total approved loan of \$1,803,265 for the Project through the State's zero interest rate/loan forgiveness School Revolving Renovation Fund Program.

> B. <u>Loan Principal Forgiveness:</u> Under this loan program, the Maine Municipal Bond Bank will give the District loan forgiveness of 59.31% of the loan principal. The District's forgiven loan amount will be up to \$1,069,516.

C. Interest Free Loan. Under this loan program, the District will be obligated to repay only 40.69% (up to \$733,749) of the District's total approved loan amount. Repayment to occur over ten (10) years. The loan interest rate will be zero percent School Board Recommends a "Yes" Vote.

STATE OF MAINE MAINE SCHOOL ADMINISTRATIVE DISTRICT NO. 60 DISTRICT REFERENDUM SAMPLE BALLOT FOR THE TOWN OF LEBANON JUNE 8, 2021

INSTRUCTIONS TO VOTERS:

♦ Vote "Yes" or "No" by filling in the oval ● of your choice at the left of each article.

O Yes Article 1:

○ No

П

School Budget. Shall Maine School Administrative District No. 60 appropriate the sum of \$43,631,658.00 and raise the sum of \$21,586,115.00 for the 2021-2022 school budget?

School Board Recommends a "Yes" Vote.

VOTER INFORMATION FOR ARTICLE 1

The Maine School Administrative District No. 60 school budget submitted in this Article 1 totals \$43,631,658.00. It includes locally raised funds in the amount of \$21,586,115.00, to be assessed in shares to member municipalities in accordance with the District's cost sharing formula and state law. The locally raised amount exceeds the State's Essential Programs and Services funding model by \$6,155,440.00. This budget includes these cost centers and amounts:

Cost Center		Amount Appropriated
Regular Instruction	\$	17,436,220.00
Special Education	\$	7,941,690.00
Career and Technical Education	\$	39,162.00
Other Instruction	\$	1,062,060.00
Student and Staff Support	\$	4,291,043.00
System Administration	\$	1,268,763.00
School Administration	\$	2,355,693.00
Transportation and Buses	\$	3,501,594.00
Facilities Maintenance	\$	5,688,263.00
Debt Service and Other Commitments	\$	0.00
All Other Expenditures	\$	47,170.00
Summary of Total Authorized School Budget Expenditures:	S	43,631,658.00

O Yes Article 2:

O No

District Nutrition Program: Shall the District be authorized to raise and appropriate \$140,000.00 for the school nutrition program with authorization to expend any additional, incidental, or miscellaneous receipts in the interest and for the well-being of the school nutrition program?

School Board Recommends a "Yes" Vote.

O Yes Article 3:

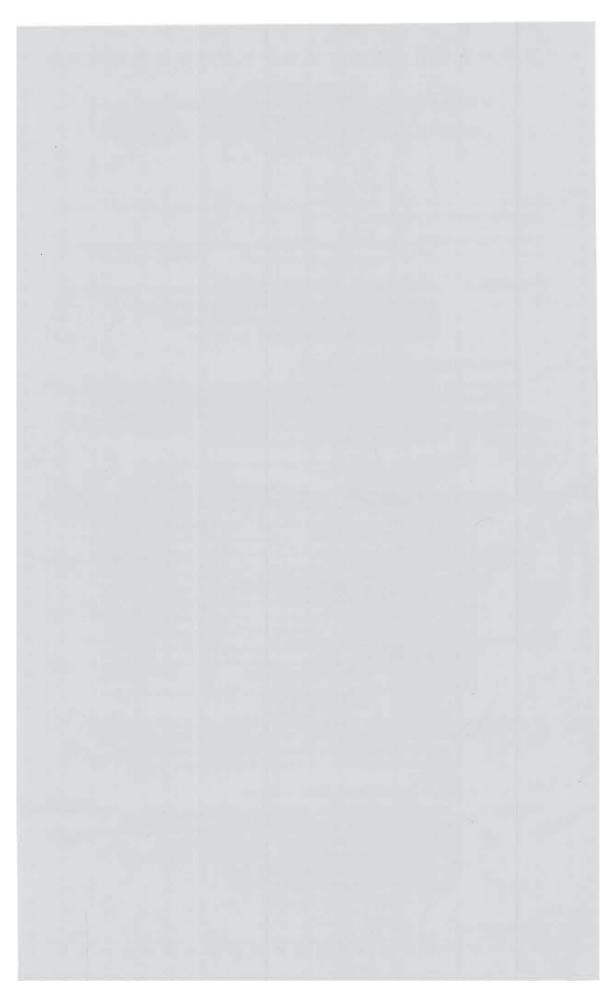

O No

4

District Adult Ed Program. Shall the District be authorized to appropriate \$311,774.00 for adult education and raise \$190,265.00 as the local share, with authorization to expend any additional, incidental, or miscellaneous receipts in the interest and for the wellbeing of the adult education program?

School Board Recommends a "Yes" Vote.

Typ:02 Seq:0001 Spl:01

****ALL NEW REGISTRATIONS REQUIRE THAT THE OWNER BE PRESENT AT THE TIME OF REGISTRATION****

Registering a Snowmobile/ATV/Boat/Camper

Please bring the following:

Re-Registration – Old registration

New Registration (Dealer Sale) – Invoice or Bill of Sale, ME assigned number on used recreational vehicles

New Registration (Private Sale) – Bill of sale, ME assigned number and serial number. Horsepower and length for boats.

New Registration (Transfers) – Same as above PLUS registration of the vehicle the plates are being transferred from.

Dog Licensing

The State of Maine requires that all dogs be licensed within the Town that they are kept. To obtain a license for your dog you must show a current rabies vaccination certificate and a certificate of spaying or neutering if it applies to your dog.

The licenses are issued by the calendar year and the license fees are \$11.00 for a male or female and \$6.00 if the dog has been spayed or neutered. A late fee of \$25.00 will be assessed on renewal licenses after January 31st. The new licenses from the State can be issued for the following year on October 15th, so register early to avoid late fees.

Dog licenses can be renewed online at https://www.maine.gov/online/dog_license/faq.html, once we receive notification from the State that a license has been renewed, our office will issue a tag and mail it to you with a copy of the license.

Martha Sawyer Community Library Lebanon Town Report 2022

MSCL is open, running and ready to help Lebanon residents find resources in the middle of a pandemic. The library continues to be open for curbside service. At the time of writing this report the process of opening the library to in person browsing is beginning. Please refer to our Facebook page

www.facebook.com/lebanonlibrary for the most up to date information.

The library has new resources in 2022 as the result of six grants.

American Library Association funded one new laptop and three iPad to ensure our residents have access to technology and the ability to learn new skills to bridge the gap of a technological world especially in light of the pandemic.

Association for Rural and Small Libraries, New England Chapter (in conjunction with an anonymous donor) granted monies to build MSCL Book Barn which will house a "Library of Things" to borrow, an ongoing book sale, a Little Free Library a Little Free Pantry.

Maine Public Library Fund chose MSCL's plan for a speaker series and supporting book collection for the benefit of our community teens.

American Rescue Plan Grant these funds were granted to the library in August and used to purchase a Clean Air Curtain which cleans the air in the library. ARPA funds were also used take & make kits available to all in town.

The Fabulous Find of Kittery, Maine named the Martha Sawyer Community Library as one of their recipients for February 2022. This is a wonderful boutique thrift store that supports Seacoast Maine and NH nonprofits. As of December of 2021, the group has given away 2 million dollars in just over 11 years.

Continuum Arts Collective Grant this is a local nonprofit who grants instruments and art supplies to area youth. This grant will allow students from 5-18 to "Try Before You Apply" program. Through this grant any child can borrow a guitar or ukulele. If they love it, they can apply for their own instrument through the CAC website. I can also put families in touch with CAC to apply for other items they provide free of charge.

I continue to offer story time when weather permits. Books as always are waiting for you; movies are available to borrow and we have eBook resources both here at MSCL and through the PALS program in partnership with Portland Public Library. If you need to borrow a laptop or iPad, we've been doing that curbside too. During the warmer months I've offered in person tech instruction outside the library from 6 feet away. It's absolutely been an interesting year, but the library and your librarian continue to meet the needs of library patrons and Lebanon folks. Thank you for your continued support of the Martha Sawyer Community Library and I ask that you continue to do so by voting in June to support the library's budget.

Thank you,

Marcy Polletta

MSCL Librarian

Code Enforcement July 1, 2020 – June 30, 2021

Plumbing Permits Issued: 38
Subsurface Wastewater Permits Issued: 57

Fees Received: Total: \$19,310 Town: \$13,875.00 State: \$4625.00 DEP: \$810

Codes at a glance for the 2020-2021 Fiscal Year

Category	Permits	Permit Cost	Approx. Value

To set up an office appointment or an inspection, you can reach David Salvatore, CEO/LPI, by e-mail, LebanonCode@LebanonMaine.org, calling the Town Office, (207) 457-6082 ext. 2102 or David's cell phone (207) 251-9846

You can find forms and helpful information on the Town website Code Enforcement page.

PLANNING BOARD JULY 1, 2020 TO JUNE 30, 2021

Planning Board Members: Andy LePage/Chairman, Sarah O'Brien/Vice-Chairman, David Harriman, Bettie Harris-Howard James DuPrie.

July 6th first meeting of the fiscal year: New Officers were elected. Andy LePage was elected Chairman and Sarah O'Brien was elected Vice-Chairman. The Planning Board Members at this time were: Andy LePage/Chairman, Sarah O'Brien/Vice-Chairman, David Harriman, Bettie Harris-Howard James DuPrie.

Planning Board Members August thru October: Andy LePage/Chairman, Sarah O'Brien/Vice-Chairman, David Harriman, Bettie Harris-Howard

Planning Board Members November thru February: Andy LePage/Chairman, Sarah O'Brien/Vice-Chairman, David Harriman, Bettie Harris-Howard, Jeremy Bradshaw

Planning Board Members March: Andy LePage/Chairman, Sarah O'Brien/Vice-Chairman, David Harriman, Bettie Harris-Howard

Planning Board Members April - May: Andy LePage/Chairman, Sarah O'Brien/Vice-Chairman, David Harriman, Bettie Harris-Howard, Brian Jancosko, Chip Harlow

Planning Board Members- June: Andy LePage/Chairman, Sarah O'Brien/Vice-Chairman, David Harriman, Bettie Harris-Howard, Brian Jancosko, Chip Harlow, Laura Bragg

This past fiscal year has been a busy one for the Planning Board. The Board held 22 Regular Meetings, 11 Site Visits and 5 Public Hearings.

Subdivisions: Dixon Overlook, Brook Hill Estates, Azure Sky Acres, Small, Two (2) separate Revisions to Woodland Estates

Shoreland Zoning: Two (2) revisions to two previously approved projects, Six (6) Best Possible location/Expansion Projects

Site Plan Reviews: Three (3) Solar Projects, In-Home Salon, Several Change of Use, Mail Order, Cleaning, Recycling

For additional information on what transpired at any of these meetings, please refer to the Town of Lebanon website – Planning Board minutes.

All meetings are open to the Public, and citizen input is solicited through Public Hearings held on specific reviews. For Planning Board minutes, agendas, ordinances, and other relevant information, see the Planning Board pages on the Town website. (Note: The meeting minutes are also available in the Town Office lobby.) If you are interested in serving on the Planning Board, please contact: Jenn Griffin – Land Use Clerk

Planningbd@LebanonMaine.org (207) 457-6082 ext. 2111

Note: Planning Board meetings are recorded and are available on You-Tube.

Respectfully Submitted, Andy LePage Planning Board Chairman Note:

The Planning Board follows the Site Plan Review Ordinance criteria which was enacted on Tuesday, November 6, 2018. Additional requirements, restrictions and/or criteria in regard to other Town Ordinances, State laws and or licensing are the responsibility of the applicant to research, apply for and obtain. The Planning Board <u>does not</u> review or approve any of the criteria/requirements or issue licenses, permits, etc. associated with marijuana businesses/establishments of any kind.

General Assistance 2020-2021

There were 4 applications taken and no funds expended. Three applications were denied due to being over income or not providing documentation. One application was denied and disqualified for 120 days for providing false information.

Virge Atkins Fund 2020-2021

The total amount expended was \$6,393.00. This amount was for a hearing aid and Lifeline services. This information was provided by MaineHealth as the administrator of the Virge Atkins Fund.

Lebanon Conservation Commission Annual Report 2021

Your Conservation Commission currently meets on the 4th Thursday of each month via Zoom. Members are Dan Blanchette, John Bozak (Chair), Ruth Gutman (Secretary), Jerry Lanoie, Don Leuchs and Nancy Rogers (non-voting). We can be contacted at Lebanon.conservation.commission@gmail.com or on Facebook.

A comprehensive management plan for the Community Forest is being developed that will guide forestry activities, additional trail development and ensure wetland protection around Sacopee Pond. The new, interactive, Sacopee Activity Trail is available for your enjoyment. Access to the Forest via Hebo-Hybo Road has improved with the cooperation of other road abutters. An informational kiosk has been installed and is located at the entrance to the forest. The Maine Forest Service's "Project Canopy" program can also provide support for our planning work.

The new launch site at Nesbitt Pond has been a welcome addition. New signage about the importance of checking canoes and kayaks for invasive aquatic plants has been posted.

We are continuing to evaluate other town-owned lands for their possible conservation and recreation values. Two examples include: Wetlands off Half Mile Road and the floodplain along the Salmon Falls River at the north end of River Road.

Maine statutes allow for a maximum of seven voting Commission members (we currently have five). Please feel free to contact us and join an upcoming meeting if you have a strong interest in protecting Lebanon's natural resources.

Dear Lebanon Community Members,

It is an honor to have this opportunity, in the Annual Report, to address the residents of the Lebanon community and highlight the current status of the Maine School Administrative District #60.

The district continues to serve 2,964 Kindergarten through Grade 12 students across 8 campuses. With teaching and support staff totaling close to 600, the district is one of the largest in York County. We take great pride in our educational and supportive programs to meet the varied needs of children and youth in North Berwick, Berwick and Lebanon.

This is the second full year dealing with the impact and consequences of Coronavirus on our district and Maine as a whole. Doors opened in September, 2021 with five days a week of in-person learning for all students across the district. Tremendous efforts have been made to remain in-person despite periodic and significant spikes in positive COVID-19 cases in the region. This is a testament to the commitment of the entire school community. Students, parents, teachers, building-based nurses, staff, and administrators have all worked together with the common goal of keeping students and staff safe and learning in-person.

In response to the complexity of COVID-19, Health and Safety Guidelines were developed by the Maine Center for Disease Control, Department of Health and Human Services and the Maine Department of Education during the summer of 2020. The guidelines provided school districts across the State of Maine with six very specific practices to safely reopen schools in the Fall of 2020. Since that time, and based on state data, the guidelines have shifted between their inception and now. With the support of our entire community, the school district has been able to quickly adjust to the shifts in guidelines and seamlessly incorporate changes across all settings.

As a result of the pandemic, the district received monetary support from the federal government to be used following strict criteria and lengthy record keeping practices. These funds benefitted the district positively and enriched the learning of students. Covid Relief Funds (CRF 1,2) and Elementary and Secondary School Emergency Relief Funds (ESSER) were allocated in September and late October of 2020 to be used from 2020-2023. The funds could not cover anything included in the District Budget and needed to address health and safety, remote learning, and educational recovery. Some examples of how the funds supported the safe return to school for our students and staff include: Personal Protective Equipment for students and staff, technology upgrades to allow remote and in-person learning to occur simultaneously, facilities upgrades (HVAC) to mitigate transmission of COVID-19, structures to support learning outside the walls of school, furniture to address social distancing, and vans for distribution of food.

It has been quite a challenge to fill many district-level positions and even at this point in the school year we continue to have shortages with bus drivers, custodial staff, and substitutes for almost every school position there is. This has added an additional layer of complexity to each

department and school with truly everyone helping out for the greater good of the district. What makes MSAD #60 stand out from other places is the willingness and ability of our staff to see the bigger picture and pitch in to keep school schedules, after school athletics and activities viable for all Noble students despite staffing shortages. We greatly appreciate the efforts of all district staff.

Looking ahead to the Fiscal Year 2023 Budget and beyond, the district is facing ongoing challenges. Recruiting and retaining highly skilled teachers and staff will be a top priority. As highlighted above, it has been a challenge to find candidates for some key positions. That is a trend expected to continue for the 2022-2023 school year. Of equal importance is retaining the highly skilled teachers and staff already employed by the district. The budget will reflect district efforts to be competitive with salaries and benefits for the different groups employed in MSAD #60. This will not be accomplished with just one budget cycle but it is imperative to address.

In addition to the hiring and retention of skilled teachers and staff are the space and school structural issues specifically in North Berwick and Lebanon. Space limitations are front and center at North Berwick Elementary School. In fact, spacing is so tight in the school, fifth graders from North Berwick will be heading over to the Knowlton School for the 2022-2023 school year and beyond. There are also significant concerns for the Lebanon Elementary School building itself. While the building projects didn't pass the referendum vote by taxpayers this past November, issues remain. The district continues to look at ways to keep that building running safely while keeping maintenance and upkeep costs to a minimum. Long term, this building will take a great deal of structural and maintenance work which will have a significant impact on future district budgets.

As the district builds the annual school budget, administrators and directors are always mindful of the financial impact to community members. Great efforts are made to balance the safety and learning needs of the students with the financial impact. The Fiscal Year 2023 budget is no different in that great lengths were made to be fiscally responsible while providing the best teachers and staff, learning environments, and materials for our youngest of residents in all three of the towns.

In closing, our school buildings are warm and inviting places. A great deal of academic and creative learning and discovery occurs each and everyday. After school athletic, music, theater, and enrichment programs continue to gain momentum in spite of COVID-19 related challenges. All these factors support the MSAD #60 Vision Statement:

Inspired Learners-Empowered Citizens.

Thank you for your continued support of the children and youth of North Berwick, Berwick and Lebanon.

Respectfully submitted, Audra Beauvais, Superintendent of Schools

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen Town of Lebanon, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Lebanon, Maine, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Town of Lebanon, Maine's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Town's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Lebanon, Maine, as of June 30, 2019, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the Schedule of Proportionate Share of Net Pension Liability, and the Schedule of Pension Contributions appearing on certain pages be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The accompanying supplementary information appearing on pages 37 through 38 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Lebanon, Maine, we offer readers this narrative overview and analysis of the financial activities of the Town of Lebanon for the fiscal year ended June 30, 2019.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets, liabilities, and deferred outflows/inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, education, public works, solid waste, human services and culture and recreation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

An annual appropriated budget is adopted for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which is required to be disclosed by accounting principles generally accepted in the United States of America.

Financial Highlights

- As of the close of the current fiscal year, the total of assets exceeded liabilities by \$8,076,606 (i.e., net position), a change of \$684,959 in comparison to the prior year.
- As of the close of the current fiscal year, governmental funds reported combined ending fund balances of \$5,115,880, a change of \$408,258 in comparison to the prior year.

• At the end of the current fiscal year, unassigned fund balance for the general fund was \$4,315,315, a change of \$291,689 in comparison to the prior year.

Government-Wide Financial Analysis

The following is a summary of condensed government-wide financial data for the current and prior fiscal years.

NET POSITION

	Governmental <u>Activities</u>	
	<u>2019</u> <u>2018</u>	
Current and other assets	\$ 5,652,413 \$ 5,325,37	8
Capital assets	2,684,667 2,434,31	0
Total assets	8,337,080 7,759,68	8
Deferred outflows of resources	70,685 144,12	6
Current liabilities	190,833 272,47	5
Noncurrent liabilities	106,961 159,81	6
Total liabilities and deferred inflows	297,794 432,29	1
Deferred inflows of resources	33,365 79,87	6
Net position:		
Net investment in capital assets	2,684,667 2,434,31	0
Restricted	628,978 537,52	7
Unrestricted	4,762,961 4,419,81	0
Total net position	\$ 8,076,606 \$ 7,391,64	7

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, total net position was \$8,076,606, a change of \$684,959 from the prior year.

The largest portion of net position, \$2,684,667, reflects our investment in capital assets (e.g., land, buildings and improvements, machinery and equipment, vehicles, and infrastructure), less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position, \$628,978, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$4,762,961, may be used to meet the government's ongoing obligations to citizens and creditors.

CHANGES IN NET POSITION

Change in net position							
before transfers		684,959		391,323			
Transfers in (out)	_	-	_	-			
Change in net position		684,959	•	391,323			
Net position - beginning of year, as restated		7,391,647		7,000,324			
Net position - end of year	Ş	8,076,606	\$	7,391,647			

During 2019 the Town reviewed the capital asset records and determined that certain assets previously reported are no longer under the management of the Town. The restatement reflects the analysis and disposition of a review of the Town's building, vehicles, infrastructure, and land. Net position has been adjusted accordingly.

Governmental Activities

Governmental activities for the year resulted in a change in net position of \$684,959. Key elements of this change are as follows:

General fund operations	\$	316,807
Change in net pension liability		52,855
Capital asset additions		430,441
Depreciation expense		(180,084)
Other		64,940
Total	\$_	684,959

Financial Analysis of the Government's Funds

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, governmental funds reported combined ending fund balances of \$5,115,880, a change of \$408,258 in comparison to the prior year. Key elements of this change are as follows:

General fund operations	\$	316,807
Nonmajor funds	_	91,451
Total	\$_	408,258

The general fund is the chief operating fund. At the end of the current fiscal year, unassigned fund balance of the general fund was \$4,315,315, while total fund balance was \$4,486,902. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Refer to the table below.

				% of
				Total General
General Fund	6/30/19	6/30/18	<u>Change</u>	Fund Expenditures
Unassigned fund balance	\$ 4,315,315	\$ 4,023,626	\$ 291,689	46.2%
Total fund balance	\$ 4,486,902	\$ 4,170,095	\$ 316,807	48.0%

The total fund balance of the general fund changed by \$316,807 during the current fiscal year. Key factors in this change are as follows:

Revenues in excess of budget	\$	252,340
Expenditures less than budget		23,101
Change in capital improvement funds		25,118
Other		16,248
Total	\$_	316,807

Included in the total general fund balance are the Town's capital improvement accounts with the following balances:

	6/30/19	6/30/18	<u>Change</u>	
Capital improvement funds	\$ 171,587	\$ 146,469	\$	25,118

General Fund Budgetary Highlights

There were no differences between the original budget and the final amended budget.

Capital Asset and Debt Administration

Capital Assets

Total investment in capital assets for governmental activities at year-end amounted to \$2,684,667 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, vehicles, and infrastructure.

The major capital asset events during the current fiscal year included the following additions:

Acquisition of Forest Grove cemetery	\$55,166
2019 Ford F550 4x4 – Ambulance	\$233,309
Cat 938G Loader	\$50,000

Additional information on capital assets can be found in the Notes to Financial Statements.

Requests for Information

This financial report is designed to provide a general overview of the Town of Lebanon, Maine's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2019

Net changes in fund balances - Total governmental funds	\$	408,258
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:		
Capital purchases, net of disposals		430,441
Depreciation		(180,084)
Revenues in the Statement of Activities that do not provide current financial resources are fully deferred in the Statement of Revenues, Expenditures and Changes in Fund Balances. Therefore, the recognition of revenue for various types of accounts receivable (i.e., real estate) differ between the two statements. This amount represents the net change in deferred revenue.		419
Some expenses reported in the Statement of Activities, such as pension expense, do not require the use of current financial resources and therefore, are not reported as expenditures in the governmental funds.	_	25,925
Change in net position of governmental activities	\$_	684,959

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Lebanon, Maine conform to generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the significant policies:

Reporting Entity

The Town is a municipal corporation governed by an elected Board of Selectmen. As required by generally accepted accounting principles, these financial statements present the government and applicable component units for which the government is considered to be financially accountable. In fiscal year 2019, it was determined that no entities met the required GASB 14 (as amended) criteria of component units.

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* are supported primarily by taxes and intergovernmental revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as is the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government- wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Fund Financial Statements

Governmental fund financial statements are reported using the *current financial* resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The Town reports the following major governmental funds:

• The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The fiduciary fund financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recorded when liabilities are incurred.

The Town reports the following fiduciary funds:

• The *agency fund* is used to account for escrows held by the Town. Agency funds report only assets and liabilities, and thus have no measurement focus.

Cash and Short-Term Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the general fund. Certain special revenue and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. A cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and short-term investments". The interest earnings attributable to each fund type are included under investment income.

Property Tax Limitations

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures of the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$112,847 for the year ended June 30, 2019.

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due from/to other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans).

Any residual balances outstanding between the governmental activities and businesstype activities are reported in the government-wide financial statements as "internal balances".

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined the Town as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	20 - 50
Machinery and equipment	20 - 50
Vehicles	3 - 25
Infrastructure	50 - 100

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position.

Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund Balance

Generally, fund balance represents the difference between the current assets and current liabilities/ deferred inflows. The Town reserves those portions of fund balance that are legally segregated for a specific future use or which do not represent available, spendable resources and therefore, are not available for appropriation or expenditure. Unassigned fund balance indicates that portion of fund balance that is available for appropriation in future periods.

When an expenditure is incurred that would qualify for payment from multiple fund balance types, the Town uses the following order to liquidate liabilities: restricted, committed, assigned, and unassigned.

Net Position

Net position represents the difference between assets/ deferred outflows and liabilities/deferred inflows. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining net position is reported as unrestricted.

Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements and the reported amounts of the revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

2. Stewardship, Compliance, and Accountability

Budgetary Information

The Town's budget is prepared by the Board of Selectmen with the cooperation of the various department heads. The budget is then submitted for approval at the annual Town Meeting. The approved budget is subsequently reported to the State of Maine on the statement of appropriation form in order to establish the current property tax rate.

The Selectmen cannot increase the total of the approved budget; however, they have the power to reclassify the Contingency referendum to other referendums when necessary.

Departments are limited to the referendums as voted. Certain items may exceed the lineitem budget as approved if it is for an emergency and for the safety of the general public.

Formal budgetary integration is employed as a management control device during the year for the General Fund.

The Town does not adopt budgets for Special Revenue Funds or Permanent Funds; however, the Town is limited to only expend available resources.

At year-end, appropriation balances lapse, except for certain unexpended capital items and encumbrances which will be honored during the subsequent year.

Budgetary Basis

The general fund final appropriation appearing on the "Budget and Actual" page of the fund financial statements represents the final amended budget after all contingency transfers and supplemental appropriations.

Budget/GAAP Reconciliation

The budgetary data for the general is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the general fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison to budgetary data.

The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

General Fund		Revenues	<u> </u>	Expenditures
Revenues/Expenditures (GAAP Basis)	\$	9,662,922	\$	9,346,115
Capital improvement funds		309,822		334,940
Other GAAP adjustments		-		16,248
To reverse the effect of non- budgeted capital outlay expenditures	_	(236,486)	_	(236,486)
Budgetary Basis	\$_	9,736,258	\$_	9,460,817

3. Cash and Short-Term Investments

Custodial credit risk for deposits is the risk that in the event of a bank failure, the deposits may not be returned. The Town does not have a policy covering custodial credit risk for deposits. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes.

As of June 30, 2019, none of the Town's bank balance of \$5,022,375 was exposed to custodial credit risk as uninsured or uncollateralized.

4. Taxes Receivable

Real estate and personal property taxes are levied and based on values assessed on April 1 of every year. Assessed values are established by the Board of Assessor's for 100% of the estimated fair market value. Taxes are due on a semiannual basis and are subject to penalties and interest if they are not paid by the respective due date. Real estate and personal property taxes levied are recorded as receivables in the fiscal year they relate to.

Property taxes collected before the due date, and in advance of the year for which they are levied, are recorded as a prepaid tax liability, as they are intended to finance the subsequent year's budget.

Taxes receivable at June 30, 2019 consist of the following:

		Allowance						
				for				
		Gross Doubtful Net						
Receivables:		Amount		Accounts	_	Amount		
Real estate taxes	\$	509,342	\$	-	\$	509,342		
Tax liens	_	130,925		(68,500)	_	62,425		
Total property taxes	\$	640,267	\$	(68,500)	\$	571,767		

5. Interfund Fund Receivables/Payables

Although self-balancing funds are maintained, most transactions flow through the general fund. In order to obtain accountability for each fund, interfund receivable and payable accounts must be utilized. The following is an analysis of the June 30, 2019 balances in interfund receivable and payable accounts:

	Due From		Due To		
<u>Fund</u>	<u>O</u>	ther Funds	Oth	er Funds	
General Fund	\$	-	\$	76,737	
Permanent Fund		10,060		-	
Special Revenue Funds		66,677		_	
Total	\$	76,737	\$_	76,737	

6. Capital Assets

Capital asset activity for the year ended June 30, 2019 was as follows:

Governmental Activities: Capital assets, being depreciated:		Beginning <u>Balance</u>		Increases		<u>Decreases</u>		Ending <u>Balance</u>
Buildings and improvements Machinery and equipment Vehicles Infrastructure	\$	1,124,237 308,547 859,408 4,063,963	\$	29,580 50,000 295,695 -	\$	- - - -	\$	1,153,817 358,547 1,155,103 4,063,963
Total capital assets, being depreciated		6,356,155		375,275		-		6,731,430
Less accumulated depreciation for: Buildings and improvements Machinery and equipment Vehicles Infrastructure	_	(807,929) (146,090) (757,880) (2,625,716)	-	(16,881) (19,817) (16,603) (126,783)	_	- - -	_	(824,810) (165,907) (774,483) (2,752,499)
Total accumulated depreciation	_	(4,337,615)	_	(180,084)	_	-	_	(4,517,699)
Total capital assets, being depreciated, net		2,018,540		195,191		-		2,213,731
Capital assets, not being depreciated: Land	_	415,770	_	55,166	_		_	470,936
Total capital assets, not being depreciated	_	415,770	_	55,166	_	-	_	470,936
Governmental activities capital assets, net	\$_	2,434,310	\$	250,357	\$	-	\$_	2,684,667

Depreciation expense was charged to functions of the Town as follows:

Governmental Activities:		
General government	\$	15,631
Public safety		30,944
Public works	_	133,509
Total depreciation expense - governmental activities	\$_	180,084

7. Deferred Outflows of Resources

Deferred outflows of resources represent the consumption of net position by the Town that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position, similar to assets. Deferred outflows of resources related to pensions in accordance with GASB Statements No. 68, are more fully discussed in the corresponding pension note.

8. Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses represent 2019 expenditures paid in fiscal year 2020.

9. Long-Term Debt

Changes in General Long-Term Liabilities

During the year ended June 30, 2019, the following changes occurred in long-term liabilities:

					Less	Equals
	Beginning			Ending	Current	Long-Term
	<u>Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u>	<u>Portion</u>	Portion
Governmental Activities						
Net pension liability	159,816		(52,855)	106,961	_	106,961
Totals	\$ 159,816	\$	\$ (52,855)	\$ 106,961	\$	\$ 106,961

10. Deferred Inflows of Resources

Deferred inflows of resources are the acquisition of net position by the Town that are applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position, similar to liabilities. Deferred inflows of resources related to pension will be recognized as expense in future years and is more fully described in the corresponding pension note. *Unavailable revenues* are reported in the governmental funds balance sheet in connection with receivables for which revenues are not considered available to liquidate liabilities of the current year.

11. Governmental Funds - Balances

Fund balances are segregated to account for resources that are either not available for expenditure in the future or are legally set aside for a specific future use.

The Town has implemented GASB Statement No. 54 (GASB 54), Fund Balance Reporting and Governmental Fund Type Definitions, which enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying existing governmental fund type definitions.

The following types of fund balances are reported at June 30, 2019:

Nonspendable

Represents amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. This fund balance

classification includes general fund reserves for prepaid expenditures and nonmajor governmental fund reserves for the principal portion of permanent trust funds.

Restricted

Represents amounts that are restricted to specific purposes by constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. This fund balance classification includes general fund encumbrances funded by bond issuances, various special revenue funds, and the income portion of permanent trust funds.

Committed

Represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority. This fund balance classification includes general fund encumbrances for non-lapsing special article appropriations approved at Town Meeting, capital improvement funds set aside by Town Meeting vote (now reported as part of the general fund per GASB 54), and various special revenue funds.

Unassigned

Represents amounts that are available to be spent in future periods.

Following is a breakdown of the Town's fund balances at June 30, 2019:

	General <u>Fund</u>	Nonmajor Governmental <u>Funds</u>	Total Governmental <u>Funds</u>
Nonspendable Nonexpendable permanent funds	\$	\$500,908_	\$ 500,908
Total Nonexpendable	-	500,908	500,908
Restricted Special revenue funds Total Restricted	-	<u>128,070</u> 128,070	128,070 128,070
Committed Capital improvement funds Total Committed	<u>171,587</u> 171,587		<u>171,587</u> 171,587
Unassigned Unassigned	4,315,315	-	4,315,315
Total Unassigned	4,315,315		4,315,315
Total Fund Balance	\$ 4,486,902	\$ 628,978	\$ 5,115,880

12. Commitments and Contingencies

Outstanding Legal Issues

There are several pending legal issues in which the Town is involved. The Town's management is of the opinion that the potential future settlement of such claims would not materially affect its financial statements taken as a whole.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

13. Retirement System

The Town follows the provisions of GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, with respect to the Maine Public Employees Retirement System.

Plan Description

Employees of the Town are provided with pensions through the Maine Public Employees Retirement System Consolidated Plan for Participating Local Districts (PLD Plan), which is a multiple-employer cost sharing defined benefit plan. Teaching-certified employees of the Town are provided with pensions through the Maine Public Employees Retirement System State Employee and Teacher Plan (SET Plan), which is a multiple-employer cost sharing defined benefit pension plan. Both PLD and SET Plans are administered by the Maine Public Employees Retirement System. Maine Public Employees Retirement System issues a publicly available financial report that may be obtained at www.mainepers.org or by contacting the Maine Public Employees Retirement System at (800) 451-9800.

Benefits Provided

Benefit terms are established by Maine statute; in the case of the PLD Plan, an advisory group, also established by statute, reviews the terms of the plan and periodically makes recommendations to the Legislature to amend the terms. The System's retirement programs provide defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit (effective October 1, 1999, the prior ten-year requirement was reduced by the legislature action to five years for State employees and teachers; separate legislature enacted the same reduced requirement for judges, legislators, and employees of PLDs). In some cases, vesting occurs on the earning of one year of service credit immediately

preceding retirement at or after normal retirement age. Normal retirement age for State employees and teachers, judges, and legislative members is age 60, 62, or 65. The normal retirement age is determined by whether a member had met certain creditable service requirements on specific dates, as established by statute. For PLD members, normal retirement is age 60. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below his/her normal retirement age at retirement. The System also provides disability and death benefits which are established by statute for State employee and teacher members and by contract with other participating employers under applicable statutory provisions.

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited in accordance with statute. Withdrawal of accumulated contributions results in forfeiture of all benefits and membership rights. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 5%.

Contributions

Retirement benefits are funded by contributions from members and employers and by earnings on investments. Disability and death benefits are funded by employer normal cost contributions and by investment earnings. Member and employer contribution rates are each a percentage of applicable member compensation. Member contributions rates are defined by law or Board rule and depend on the terms of the plan under which a member is covered. Employer contribution rates are determined by actuarial valuation.

PLD Plan – Plan members are required to contribute 8.0% of their annual covered salary depending upon the plan they are in, and the Town is required to contribute an actuarially determined rate. The current rates for the Town contributions are 10.10% of annual covered payroll. The contribution rates of plan members and the Town are established and may be amended by the MPERS Board of Trustees. Contributions to the pension plan for the year ended June 30, 2019 were \$28,145, which was equal to its annual required contribution.

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the MPERS and additions to/deductions from MPERS' fiduciary net position have been determined on the same basis as they are reported by MPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Town reported a liability of \$106,961 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, the Town's proportion was .039084 percent.

For the year ended June 30, 2019, the Town recognized pension expense of \$2,798. In addition, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions excluding contributions subsequent to the measurement date from the following sources:

	Deferred Outflows of Resources		lr	Deferred Inflows of Resources		
Differences between expected and actual experience	\$	-	\$	(1,175)		
Changes of assumptions Net difference between projected and actual		17,072		-		
earnings on plan investments		335		(25,827)		
Changes in proportion Contributions subsequent to the		25,133		(6,363)		
measurement date	_	28,145				
Total	\$_	70,685	\$_	(33,365)		

The amounts reported as deferred outflows of resources and deferred (inflows) of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a pension expense in 2020. Other amounts reported as deferred outflows of resources and deferred (inflows) of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

rear ena	ca jane 50.		
2020		\$	32,736
2021			684
2022			(17,570)
2023		_	(6,675)
	Total	\$	9,175

Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent per year
Salary increases	2.75 - 9.5 percent average, including inflation
Investment rate of return	6.75% percent, net of pension plan investment
	expense, including inflation

For active members and non-disabled retirees, the RP2014 Total Data Healthy Annuitant Mortality Table, for males and females, is used. For all recipients of disability benefits, the RP2014 Total Dataset Disabled Annuitant Mortality Table, for males and females, is used.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018 are summarized in the following table:

		Weighted Average
		Average Long-
	Target	Term Expected
	Allocation	Real Rate of
Asset Class	Percentage	Return
Public Equities	30.00 %	6.00%
US Equities	7.50	2.30%
Private equity	15.00	7.60%
Real Assets:		
Real estate	10.00	5.20%
Infrastructure	10.00	5.30%
Natural Resources	5.00	5.00%
Traditional Credit	7.50	3.00%
Alternative Credit	5.00	4.20%
Diversifiers	10.00	5.90%
Total	100.00 %	

Discount Rate

The discount rate used to measure the total pension liability was 6.75% for the PLD Plan. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that contributions from participating local districts will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projects benefit payments to determine the total net pension liabilities.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.75 percent for the PLD Plan, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.75%) or one percentage-point higher (7.75%) than the current rate:

		Current		
1%		Discount		1%
Decrease		Rate		Increase
(5.75%)	_	(6.75%)	_	(7.75%)
\$ 252,094	\$	106,961	\$	(28,698)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued MPERS financial report.

14. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three fiscal years.

15. Beginning Net Position Restated

The beginning July 1, 2018, net position of the Town has been restated as follows:

	Governmental			
		<u>Activities</u>		
As previously reported	\$	8,619,011		
To remove capital assets previously recorded		(1,227,364)		
As restated	\$_	7,391,647

Town of Lebanon, Maine

Annual Report

2021

To the Community We Serve:

The Maine State Police-Troop A is located at 502 Waterboro Road in Alfred, Maine. Troop A currently consists of a troop commander, three sergeants, three corporals and twelve troopers who provide law enforcement services for the towns of Lebanon, Alfred, Lyman, Dayton, and Hollis in York County. Lt. Kevin Burton was recently promoted to take over as the Troop Commander of Troop A. Lt. Burton is a 27-year veteran of the State Police who previously served as a patrol Trooper in Troop A from 1994-2002, as a patrol Sergeant in Troop A from 2002-2010, and as a patrol Sergeant in Troop G covering the Maine Turnpike from 2010-2022.

The Town of Lebanon should be aware that Troop A has three K-9 Teams, three Tactical Team Members, one drug recognition technician, two Crisis Negotiation Team members, two Honor Guard members, three PACE Team members, and one Trooper assigned to the Motor Unit. Troop A also has many troopers that are highly skilled in other areas, including crisis intervention for persons suffering from mental illness.

The Troop A barracks also houses detectives from the Maine State Police Major Crimes Unit and the Maine State Police Computer Crimes Unit. All MSP members and units assigned to work out of the Troop A barracks work closely with each other to provide mutual aid and support as needed.

The Maine State Police has many specialized units available to assist Troop A in our area of responsibility and in the surrounding communities. These State Police Specialty Teams are the best in the state and include but are not limited to our Tactical Team, Evidence Response Team, Underwater Recovery Team, Bomb Team, Air Wing, Canine Team, Crisis Negotiation Team, Honor Guard, PACE Team, Motor Unit, and the Incident Management Team, which is responsible for managing large scale events. In addition

to these Specialty Teams, the State Police Commercial Vehicle Unit also has several Troopers assigned to the York County area who are available to assist patrol units when necessary.

During 2021, the State Police covered a total of 2363 calls for service in the Town of Lebanon. This is an increase of 548 calls from the previous year.

Troop A supported patrol coverage for Lebanon during 2021 with the use of special traffic details for OUI, distracted driving, seatbelt, and speed enforcement. We also continued to partner with our surrounding police agencies to assure that collaboration and information sharing was maintained to benefit our investigative and preventative efforts for Lebanon.

During 2021, Troop A worked with the Selectpersons and community and businesses members of Lebanon to assure several annual events were conducted in a safe, successful manner. This collaboration was a good example of the importance of maintaining the public's safety through cooperation and community partnerships. Troop A commits to continuing to work together to provide our best efforts to keep Lebanon safe.

Should anyone have questions regarding this report or any other related activity for the Town of Lebanon, please feel free to contact us at Maine State Police - Troop A, 502 Waterboro Road, Alfred, Maine, 04002.

STATE OF MAINE OFFICE OF THE GOVERNOR I STATE HOUSE STATION AUGUSTA, MAINE 04333-0001

Dear Friends:

For three years it has been my privilege to guide our great state, working with the Legislature to keep Maine people safe and put our economy on a path to recovery.

Since the arrival of the COVID-19 vaccines in December 2020, we have worked hard to get as many shots into the arms of Maine people as quickly as possible. In the last year, more than a million Maine people have gotten fully vaccinated from COVID-19. It is thanks to them that our state has one of highest vaccination rates and one of the lowest death rates from COVID-19, despite having a much older population than other states. People are coming to Maine because we are one of the safest states in the nation.

Following the recommendations of the Economic Recovery Committee, our economy has not only fully recovered, but has surpassed pre-pandemic projections and unemployment claims have dropped to pre-pandemic levels. And, last year, I was pleased to sign a balanced, bipartisan budget that finally achieves the State's commitment to 55 percent education funding, fully restores revenue sharing, and expands property tax relief for Maine residents.

Maine can be proud of our nation-leading progress, but our work is far from done. Through the Maine Jobs & Recovery Plan, we will continue to address our longstanding workforce shortage, the expansion of broadband, education and job training opportunities, housing, child care, and transportation. Drawing on the hard work and resilience of Maine people, together we will rebuild our economy and rise from this unprecedented challenge a state that is stronger than ever.

In 2022, I will be focused on our economy, on our climate, on our kids, on keeping people safe and on the health and welfare of all Maine people. We have persevered, and, while challenges remain, we will get through them together. I am proud of the people of Maine, and I am proud to be your Governor.

Thank you,

Janet T. Mills Governor

INTELLIGENCE RULES AND ADMINISTRATION

Dear Friends,

On the heels of 2020's challenges, 2021 brought us both amazing progress and frustrating setbacks. The incredible rollout of several effective, FDA approved COVID-19 vaccines helped reduce the risks of this deadly pandemic – but vaccine hesitancy, combined with the dangers of new variants, have prolonged this crisis and created new risks for Maine people. The challenges raised tension levels to boiling points during the fallout of the 2020 presidential election and the January 6th Capitol attack. But despite that, Congress was able to deliver for a nation gripped by an unprecedented pandemic. As we reflect back on the year, we see the important action that will make a difference for Maine people – as well as work still unfinished.

As COVID-19 continued to impact communities across our state and the country, Congress's first priority this year was to confront the pandemic's health threats and economic toll. We immediately got to work on the *American Rescue Plan*, crafting an emergency bill to meet the moment and get our nation back on stable footing. The legislation delivered essential support to businesses facing crises, households in need, and the medical professionals on the front lines of this fight. The funds helped get vaccine shots in arms, while also confronting the damage done to our economy. All told, the *American Rescue Plan* is bringing billions of dollars to Maine, helping the state continue to push through this crisis and bounce back stronger than ever.

After passing the *American Rescue Plan*, Congress turned its attention to a longstanding but unfulfilled priority: infrastructure. Through hard work and compromise, both parties came together to pass a bipartisan bill that finally addresses key infrastructure needs. For Maine people, the bill means an estimated \$1.5 billion to repair crumbling roads and out-of-date bridges, \$390 million to improve access to clean drinking water, and more. I am most excited about the significant funding for broadband – because, as we have seen during the pandemic, broadband is a necessity to succeed in the 21st century economy. The historic investments in the bipartisan infrastructure bill, combined with additional funding I pushed for in *the American Rescue Plan*, will bring an estimated \$400 million for broadband home to Maine. These funds will be nothing short of transformational, creating new opportunities across our state.

These two bills have made and will continue to make a real difference for Maine people, helping to both address the challenges of COVID-19 and lay a foundation for long-term success. I am proud of what we've accomplished this year – but I know there is still a lot of work to do and that the road ahead is challenging. Even still, I am filled with optimism because I know the true nature of our citizens, though challenged, has not changed. Despite every hardship, people in towns and communities have stepped up with strong local leadership, a willingness to help, and a Maine 'neighborhood' spirit. It is why I truly believe we can and will get through anything together. Mary and I wish you a happy, healthy, and safe 2022.

Best Regards,

Angus S. King, Jr. United States Senator

SELECT COMMITTEE
ON INTELLIGENCE
SPECIAL COMMITTEE
AND ACTIVE

Dear Friends:

I am deeply honored to serve the people of Maine in the U.S. Senate, and I welcome this opportunity to share some of the areas I have been working on over the past year.

The ongoing COVID-19 pandemic continues to pose enormous challenges for our state and our country. When the pandemic began, I co-authored the Paycheck Protection Program that helped small businesses remain afloat and keep their employees paid. In Maine, our small businesses received more than 47,000 forgivable loans totaling \$3.2 billion. I also led efforts to provide relief for loggers, lobstermen, and bus companies.

In addition, I helped secure \$700 million to assist Maine's overwhelmed hospitals and nursing homes, and a new law I led prevented Medicare payment cuts to help further ease the financial strain on our hospitals. I also urged the CDC to update its recommendations so that our students and teachers could safely return to their classrooms, and I pressed the Administration to end the closure of the U.S.-Canada border.

While addressing the pandemic has been a major focus, I've also worked hard to ensure Maine's other needs are met. A group of 10 Senators, of which I was a part, negotiated the landmark bipartisan infrastructure bill that was signed into law in November. I co-authored the section of the bill that will provide Maine with as much as \$300 million to expand high-speed internet in rural and underserved areas.

Soaring inflation is another crisis, particularly when it comes to the cost of heating oil. I have strongly supported federal programs that help Maine families stay warm. In November, Maine was awarded \$35 million to help low-income Mainers pay their energy bills. And the bipartisan infrastructure bill included \$3.5 billion to help families make energy efficiency improvements that would permanently lower their heating costs.

As a senior member of the Appropriations Committee, I have supported investments in Maine's communities. This year's funding bills include \$265 million I championed for 106 projects across Maine. These projects would help create jobs, improve workforce training, address the opioid crisis, and increase access to childcare and health care services. In addition, I worked to reverse proposed cuts to our Navy in order to help protect America and keep the skilled workers at Bath Iron Works on the job. The bills also include \$475 million for the construction of a new dry dock at Maine's Portsmouth Naval Shipyard that will allow the Navy to continue to carry out its submarine missions. I will keep working to get these important bills enacted.

No one works harder than the people of Maine, and this year I honored that work ethic when I cast my 8,000th consecutive vote, becoming the only Senator in history to do so without ever having missed a roll call vote. The Lugar Center at Georgetown University once again ranked me as the most bipartisan Senator for the eighth year in a row.

In the New Year, I will keep working to solve problems and make life better for the people of Maine and America. May 2022 be a happy, healthy, and successful one for you, your family, and our state.

Sincerely,

Susan M. Collins
United States Senator

Susan M Collins

Senator Joe Rafferty 3 State House Station Augusta, ME 04333-0003 Office (207) 287-1515 Joe.Rafferty@legislature.maine.gov

Dear Neighbor,

It is a true honor to represent you in the Maine Senate, and I hope this message finds you and your family healthy and doing well. Though we had hoped to move beyond the pandemic, COVID-19 continues to play a large role in each of our lives. Despite the continued disruptions, our work in the Maine Legislature has continued in a productive, bipartisan fashion.

In 2021, we made significant progress on the issues most important to folks in our community. To address high property taxes, we voted to restore revenue sharing to municipalities to five percent by 2023 and bolstered the Homestead Exemption Program by refunding municipalities for 100 percent of the cost. After 17 long years, we fully funded K-12 public education at 55 percent, as it was mandated by voters in 2004.

We continued efforts to bring down the high cost of prescription medication and health care in our state. We created the new Office of Affordable Health Care to ensure we're taking the best steps possible to lower costs, improved transparency in drug pricing, and passed a new insulin safety-net program that will help us prevent someone dying because they couldn't afford their insulin that month. That new program will be funded by the drug makers themselves.

In the Education and Cultural Affairs, which I chair, one of the laws I was most happy to pass was my bill to increase communication between school boards and educators.

On January 5, 2022, the Legislature began the second regular session, which is scheduled to continue until mid-April. As I have done since I was first elected, I plan to continue working in a collaborative, bipartisan manner to address the most pressing issues facing our state. At the start of the legislative session, our committee meetings will be held remotely over Zoom, but we will be meeting in person at the State House to vote on legislation as it is brought up. Every committee meeting is streamed live and archived at www.legislature.maine.gov, and you can also testify during public hearings from the comfort of your own home.

If you ever need assistance, have a question or would just like to share your thoughts with me, you can send me an email at <u>Joe.Rafferty@legislature.maine.gov</u> or call my office at 287-1515.

Sincerely,

Senator Joe Rafferty

Juph & Reflecty Jr.

www.golden.house.gov

Committee on Armed Services

Committee on Small Business

Dear Friends,

I hope this letter finds you safe and well. It remains a privilege to represent you in Congress, and I appreciate the opportunity to update you on what I have been working on for the people of the Second Congressional District.

This year, our small businesses, workers and families, hospitals, states, and towns continued to face challenges related to the coronavirus pandemic. COVID-19 has been a serious threat to public health and our economy that requires a comprehensive, ongoing response. While we are not yet out of the woods, there is a light at the end of the tunnel. Still, I know there are many Mainers who will continue to need assistance getting through this pandemic. I am committed to making sure our communities' most urgent needs are met to get our economy back on track.

One thing I am particularly proud of this year is that Democrats, Republicans, and the Biden Administration worked together to pass the bipartisan *Infrastructure Investment and Jobs Act*, which will make a once-in-ageneration investment in our nation's infrastructure and support Maine jobs. This bill will bring \$1.3 billion to Maine for highways and \$225 million for bridge replacement and repairs, as well as \$234 million to improve public transportation options. It will also allocate over \$100 million to help provide broadband access to the 42,000 Mainers currently without it and make 310,000 Mainers eligible for the Affordable Connectivity Benefit to help families pay for internet access. Crucially, it will also provide Maine with \$390 million to combat Maine's historically high rates of lead poisoning by replacing lead pipes and allowing Maine families access to clean drinking water.

Another one of my priorities in Congress is protecting Maine jobs. For one, shipbuilders at Bath Iron Works are a vital part of our economy, and the ships they build are critical to our national security. Throughout 2021, I led the Maine congressional delegation in pushing back against the Biden Administration's proposed decrease in DDG-51 shipbuilding, a proposal that would have had serious consequences for the shipbuilding workforce at BIW, one of the two shipyards that produces these destroyers, and American naval capabilities around the world. We fought successfully to include authorization for construction of three new DDG-51 destroyers in the final National Defense Authorization Act. I will continue to work hard with my colleagues on the House Armed Services Committee to ensure that we protect our national security and shipbuilding jobs in Maine.

My most meaningful work in Congress continues to be providing direct assistance to Mainers. My staff and I stand ready to serve you. If you are looking for assistance with a federal agency, help for your small business, or want to keep me informed about the issues that matter to you, please reach out to one of my offices below:

• Caribou Office: 7 Hatch Drive, Suite 230, Caribou ME 04736. Phone: (207) 492-6009

• **Bangor Office:** 6 State Street, Bangor ME 04401. Phone: (207) 249-7400

• Lewiston Office: 179 Lisbon Street, Lewiston ME 04240. Phone: (207) 241-6767

I am especially glad to share that my wife Izzy and I were pleased to welcome our daughter, Rosemary, into the world this year. Mom and baby are happy and healthy, and we're so thankful for this blessing. We look forward to showing her the beauty of Maine in the months and years ahead.

Sincerely

Jared F. Golden Member of Congress

January 2022

Town of Lebanon 15 Upper Guinea Road Lebanon, ME 04027

Dear Friends and Neighbors,

I am honored that you have once again entrusted me with the responsibility of being your State Representative.

The first session of the 130th Legislature convened in the midst of the COVID-19 pandemic, which meant we met in the Augusta Civic Center every few weeks through May 19 to preserve social distancing for safety. This enabled us to begin voting on over two thousand bills that were before us. Committee meetings and hearings were and continue to be streamed on "Zoom". We did finally get back to our chamber in the State House and finished business on July 19. We met again briefly this fall to vote on redistricting.

Part of redistricting is the "Apportionment" of our population after the cenus. I was asked to serve on the Apportionment Commission meeting regularly to design a proposal of new boundaries based on the population changes for our political districts. In the next session, I will continue to serve as the lead republican on the Joint Standing Committee on Taxation.

I encourage you to actively participate in your state government. Phone calls and letters are always welcome and due to the wider use of technology, meetings and hearings are even more accessible. Using the homepage of the Maine Legislature: **Legislature.Maine.Gov**, you will find access to Zoom meetings and YouTube videos. I send a weekly email with current state news. If you wish to receive these updates, please contact me at Theodore.Kryzak@legislature.maine.gov and we will gladly add you to our list.

Again, thank you for giving me the honor of serving you at the State House and may you all have a safe and healthy 2022.

Sincerely,

Theodore J. Kryzak, Jr. State Representative

Dear Friends,

I hope this letter finds you well. It is an honor to represent you and your family during these challenging times, and I am thankful for the opportunity to update you on my work in Washington and Maine.

The COVID-19 pandemic continues to cause challenges for people in Maine and across the country. Please know that the health and safety of you and your loved ones, as well as the economic recovery of our communities, remains the driving force behind legislation I have pushed for in Congress.

In early 2021, Congress passed the American Rescue Plan, historic legislation that makes investments to crush the virus, create millions of jobs, provide direct relief to working families, and help schools remain safely open. Not only did this legislation give 90 percent of American households a stimulus check, but it also helped local and state governments better respond to the pandemic, put food on families' tables, got more vaccine shots into arms, cut child poverty in half through the expanded Child Tax Credit, and so much more. The American Rescue Plan is one of the most important pieces of legislation Congress will ever pass, and I'm so proud to have supported it from the beginning. You can read more about this piece of legislation here: https://pingree.house.gov/covid.

Our economic recovery from the pandemic will be accelerated even more thanks to the bipartisan Infrastructure Investment and Jobs Act, which Congress passed in November. This legislation marks the most expansive infrastructure investment since the construction of the interstate highway system. From funding to repair our aging roads, bridges, and ports to high-speed broadband expansion and legacy pollution clean-up, this law is a once-in-a-generation investment in our future.

In addition to working on COVID-19 relief legislation, my Congressional colleagues and I are also collaborating on legislation that addresses the climate crisis, supports voting rights, and—through my role on the House Appropriations Committee—supports programs important to Maine.

After seven years on the House Appropriations Committee, I took the gavel and lead the subcommittee that oversees discretionary spending for the Department of the Interior, the

Environmental Protection Agency, US Forest Service, and several agencies related to the arts and humanities. In my new role as Chair, I have fought to secure significant funding for Maine's tribes, environmental preservation programs, our cultural economy, and our forests.

I will keep pushing legislation to support America's long-term care needs, lower prescription drug costs, expand Medicare benefits, cut taxes for working people, make our workforce competitive with the world, and fight climate change.

So, as we reflect on 2021, let us welcome 2022 with a renewed sense of optimism. There is a lot to fight for, and I assure you I will continue to fight for Maine in Congress. I want you to know that my staff and I are doing all we can to support Mainers through this public health crisis and all the challenges that come with it. If you are unsure of the resources available to you, are having difficulty accessing resources, or if you'd just like to share a thought or opinion, please do not hesitate to reach out.

Sincerely,

Chellie Pingree Member of Congress

Count

American Legion Lebanon Post 214

Veterans Serving Veterans, Our Community, and Country

Dear Veterans and Community members,

This year again has been a very challenging year, with the COVID-19 pandemic and it's variants, along with isolations. The Year has brought us many new challenges. Post members have been remodeling portions of the hall. Projects that are being planned or are in progress are; the main hall bathrooms being completely rebuilt and brought up to ADA standards. The septic system has been installed, building access to the Main Hall is being installed, the building needs to be completely insulated and the heating system needs to be upgraded. The basement floor has been poured, lighting, heat, and a kitchen, needs to be put in. There will inevitably be other issues as we move forward.

Many thanks go to Geoff Titherington, owner of the Sanford Bonanza, for his donation of the restaurant equipment. We spent the entire summer moving kitchen equipment, tables, chairs, and many other items from the restaurant in Sanford, to the Legion hall.

I would also like to thank our Local Businesses, Organizations and the Community, for their generous monetary donations and time.

Post 214 has granted the use of the second floor to the Lebanon Boy Scouts and their leaders for their meetings and activities. They will be remodeling the interior of the second floor to meet their needs.

Clynk recycling has been a constant fundraiser for us as well. Thanks go out to those that support us through the Clynk program. We have been able to recycle through our Clynk program more than 80 thousand bottles and cans.

There is a new group in town; they are going to use the Legion Hall for their meetings and drills. They are the USVRC (United States Veterans Reserve Corps). They have actually been around for a long time. Created in March 18, 1864 within the Union Army during the American Civil War to allow partially disabled or otherwise infirm soldiers (or former soldiers) to perform light duty, freeing able-bodied soldiers to serve on the front lines. The Leader of this group is General COPP Jeff Adams of Lebanon, Maine.

If you are interested in joining our post, or would simply want to learn more about the American Legion and it's presents in our community, please contact me or one of the post officers or members, The present officers are Commander James Cray, 1st Vice Commander Steve Wanager, Adjunct Dennis Moore, Finance Officer Ronald Boardman, Service Officer Hans Walter, Chaplain William Neal, Sergeant at Arms Faye Brewster and Judge Advocate Rene Doiron. Post 214 can be reached via Mail at 649 Center Road, Lebanon, Maine 04027.

James Cray Commander

Budget Committee recommend: Yes 5 No 4 Abstain 0

REFERENDUM 37: Shall an ordinance entitled "LEBANON SHORELAND ZONING ORDIANCE ADOPTED 1993 AMENDED JUNE/2022" be enacted? A certified copy of the proposed Ordinance is available from the Town Clerk. The changes to the current Shoreland Zoning Ordinance are shown below with the additions shown in underlined text and deletions shown in strikethrough text.

Pg. 20

K. Septic Waste Disposal

(1) Prior to any lot being sold within the Shoreland Zone, the subsurface waste water disposal System must be inspected. If the inspection finds that the system is malfunctioning, the System must be either repaired or replaced within one (1) year after the transfer of the Property.

Pg. 38

<u>Essential services</u> - gas, electrical or communication facilities; steam, fuel, electric power or water transmission or distribution lines, towers and related equipment; telephone cables or lines, poles and related equipment; gas, oil, water, slurry or other similar pipelines; municipal sewage lines, collection or supply systems; and associated storage tanks. Such systems may include towers, poles, wires, mains, drains, pipes,

conduits, cables, fire alarms and police call boxes, traffic signals, hydrants and similar accessories, but shall not include service drops or buildings which are necessary for the furnishing of such services. <u>Commercial Solar Projects are not considered essential services.</u>

Pg. 31

C. Permit Application

- (6) In order to have a permit issued, the applicant must provide to the municipal permitting
 - Authority pre-construction photographs and, not later than twenty (20) days after
 - Completion of the development post construction photographs of the shoreline vegetation
- And development site. (38 M.R.S. § 439-A (10) Photographic record required 2019)

REFERENDUM 38: Shall the Town of Lebanon vote to authorize the Select Board, on behalf of the Town, to waive tax lien foreclosures on properties when it is deemed in the best interest of the Town to do so.

REFERENDUM 39: Shall the Town of Lebanon vote to authorize the Select Board, on behalf of the Town, to apply for, accept and expend Federal, State and other sources of revenue for Town purposes during the current and previous fiscal year. This does not include any monetary local match the Town may need for these grants.
