Rene Doiron – Site Plan Review –Lebanon Pines Golf Course - 119 Center Road:

Mr. Doiron is proposing to replace a tent with a 24' x 28' pavilion. The structure will sit back 50' from the road and will be 10' - 15' from the existing Pro Shop.

Site work will be minimal in order to create a "foundation" for the structure. Electricity, water and or septic system will not be added to the site.
