American Legion Lebanon Post 214 Letter	78
First Parish Congregational Church Food Pantry Report	79
Annual Town Meeting Election Ballot	80

*This Report is dedicated to the Dorcas Society & the West Lebanon Ladies Circle*

The **Dorcas Society** was organized May 9, 1837, under the name of the “Women’s Missionary Society of Center Lebanon, Maine.” It was reorganized May 11, 1875 as the “Ladies Sewing Circle.” The sewing included making garments for missionaries and for the soldiers of the Civil War. The name was later changed to the “Ladies Mission Circle.” They raised money by entertainment and sent to missionaries in the Pacific Islands. The Circle became inactive in 1919 and remained idle until 1942. In 1942, the group was reactivated as the “Ladies Aid of Lebanon Congregational Church,” and then changed to “The Ladies Aid of the Parish of the Congregation Church.” The name again changed to “Center Lebanon Women’s Group” when they became a secular organization. In 1976, they once again changed their name to “The Dorcas Society of Lebanon.”

The Dorcas Society has undergone numerous changes – name changes as well as organizational changes. Dorcas has not been church-affiliated for many years; however, they derive their inspiration from “Dorcas” of the Bible (Acts 9:36) who was described as “full of good works and acts of charity.” Thus, Dorcas Society strives to service the community in ways that are relevant today: scholarship assistance for young people attending college, funds to Lebanon schools as needed, fuel assistance, community food banks –in other words, giving help wherever a need is found.

The “Dorcs” as they call themselves informally, are an interesting group of women. The by-laws limit members to 18 Lebanon residents. The current members are teachers, business professionals, retirees, entrepreneurs and volunteers. All enjoy doing things for others, working together and supporting the common goal of raising money to be given away. Bake sales on voting day and the annual Ham and Bean Supper are always successful. For the past several years a Labor Day Weekend Yard Sale has been a most profitable fund raiser.

\*\*\*\*\*

The Howard Female Benevolent Society of West Lebanon (**The West Lebanon Community Ladies Circle** as it is known today) was organized April 19, 1849. The first officers were: Mrs. Samuel Jones, President; Mrs. Isaac Cowell, Vice President; Mrs. David Cowell, Treasurer; and a board of directors composed of six women. During the following years the Society held meetings and worked to help the church.

The exact date of the change in the name of the Society to its current name is not available, but there is a record of an annual meeting April 23, 1900, written by Mary Goodwin as secretary pro-tem. The last positive meeting date of the original organization was May 6, 1896.

The Circle holds a variety of fundraisers. The proceeds are used for scholarships for Lebanon students, donations to community projects, or to organizations in town. The current fundraisers include, Empty Bowls, a supper that offers soup in a handmade pottery bowl, with the proceeds funding various food pantries, and a Mother’s Day Tea, that serves delicious scones, sandwiches and desserts. The Circle also sponsors a Christmas Tree Lighting ceremony the first Sunday in December at the Village green in West Lebanon, followed by homemade cookies and hot chocolate at the Academy. On May day they deliver May Baskets to senior citizens.

Dear Residents

The 2018 fiscal year saw a change-over in Town Office personnel. A strong job market and rising wages led to former employees seeking better paying opportunities elsewhere. So, while we were presented with some challenges, we were able to put together a great Team here in the Office. With many highly qualified applicants, out of the 5 positions we filled, 3 were with Lebanon residents and 2 in neighboring Towns. I know you'll find that the team has a great positive attitude and is customer service oriented and we have already had very good feedback.

Our contract assessor, John E. O'Donnell and Assoc. has been busy visiting properties, as we prepare to update our assessing system. During the process, several things became clear. One, we have a non-traditional and outdated system that is proving itself to be unfair to most property owners. And two, our current valuation is not within the State mandated parameters and therefore we will be losing property tax revenue unless our system is updated quicker than we had realized. That is why there is a question on the ballot in June to accelerate the update. It's imperative that we do this to make our system fair to everyone and to ensure that valuations are within State parameters so that they don't impact our Mil rate. You will continue to see John's workers around Town taking pictures and measurements. They are more than willing to talk to you about what they are doing.

The Town's YouTube channel continues to add subscribers as we stream all meetings to YouTube. You can see the meetings here: <https://www.youtube.com/c/TownofLebanon> and subscribe to the channel to be notified of new meetings. We've also upgraded the Town's website to a cleaner more user-friendly format. Please go to our website and subscribe to our alert system for important Town information. We will continue to update our website to make it an important communication tool.

2018 saw the completion of the Town's first comprehensive Road Study. This study was prepared by the Portland engineering firm, Gorrill Palmer (GP). The Town of Lebanon has a significant undertaking to repair our roadway system. Approximately 19% of the Town's local paved roads are currently included in the Preventative maintenance status category. About 56% of the Town roads are in the Rehabilitate/Reconstruct category. GP prepared 3 different 10-Year Roadway Improvement plans for the Town to consider. Of the 3 options, GP suggests going with option 3, front loading the roadway work with a \$3 million bond, followed by 9 years with a \$450,000 budget. This option may provide some economy of scale and makes a substantial impact on improving the roads, however, there is still about \$5.4 million of roadway improvements needed after 10 years. All three options prioritize Preventative treatments up front. It is important to treat the Preventative roads early to reduce the chances that their condition degrades and ultimately costs more money in the long run. Similarly, it is also important not to neglect the roads in the Routine and No Maintenance categories either. Many of these roads will require Routine maintenance in the next 5 to 7 years as well, and if this Routine maintenance is not performed, the Town can expect these roads to slip further into the Preventative category. It is a slippery slope and requires continuous diligence and funding to maintain the roads in good condition. They recommend the Town continue to inventory pavement condition ratings every three years. This will allow for the development of historical pavement condition data which will reveal potential deficiencies with the roadway

subgrade or drainage. Additionally, they also recommend that the Town update the RSMS database annually to track the road improvement work that has been completed each year.

In closing, we challenge everyone to take some time during the next year and make Lebanon a better place for all of us. Community dialogue is a great thing. Consider listening to each other and differing viewpoints. Have a commitment to listen and when you sit down at the table with each other, do so with an open mind, really wanting to know what the other person thinks about an issue and not try to win the argument. Let's work together. Together we can rise above Lebanon's biggest challenges. If you have any ideas on activities or changes that could improve the lifestyle in Lebanon, feel free to attend a Selectmen's Meeting and share your thoughts and ideas with us. No one has all the answers but together we can make things happen in our community. The future success of Lebanon lies in all our hands.

Best regards,

Your Board of Selectmen

Paul Philbrick

Laura Bragg

Richard "Chip" Harlow

**SELECTMEN OFFICIAL REFERENDUM BALLOT**  
**TOWN OF LEBANON, MAINE**  
**May 9, 2017**

**REFERENDUM 1:** Shall an ordinance entitled “*Town of Lebanon, Maine Ordinance Establishing a Moratorium on Retail Marijuana Establishments and Retail Marijuana Social Clubs*” be enacted?

**\*\*\*\*ALL NEW REGISTRATIONS REQUIRE THAT THE OWNER BE PRESENT AT THE TIME OF REGISTRATION\*\*\*\***

**Registering a Snowmobile/ATV/Boat/Camper**

Please bring the following:

Re-Registration – Old registration

New Registration (Dealer Sale) – Invoice or Bill of Sale, ME assigned number on used recreational vehicles

New Registration (Private Sale) – Bill of sale, ME assigned number and serial number.

Horsepower and length for boats.

New Registration (Transfers) – Same as above PLUS registration of the vehicle the plates are being transferred from.

**Dog Licensing**

The State of Maine requires that all dogs be licensed within the Town that they are kept. To obtain a license for your dog you must show a current rabies vaccination certificate and a certificate of spaying or neutering if it applies to your dog.

The licenses are issued by the calendar year and the license fees are \$11.00 for a male or female and \$6.00 if the dog has been spayed or neutered. A late fee of \$25.00 will be assessed on renewal licenses after January 31<sup>st</sup>. The new licenses from the State can be issued for the following year on October 15<sup>th</sup>, so register early to avoid late fees.

Dog licenses can be renewed online at [https://www1.maine.gov/online/dog\\_license/faq.html](https://www1.maine.gov/online/dog_license/faq.html), once we receive notification from the State that a license has been renewed, our office will issue a tag and mail it to you with a copy of the license.

## **Martha Sawyer Community Library Town of Lebanon Annual Report 2019**

The library has been a very busy place in the past year. We continue to offer programming for patrons of every age. Some of the highlights include our weekly story time with our smallest townspeople, arts and crafts classes with our adult population and a monthly Alzheimer's Cafe (3<sup>rd</sup> Saturday of every month from 12:30-1:30).

MSCL will have our two favorite programs coming up in March and May. In March the library will be celebrating Dr Seuss' 115<sup>th</sup> Birthday on March 2<sup>nd</sup>. I have been building our collection of Seuss board games, mega bloxs, and activities. This happens every year – so plan for next March 2020 if you missed it in 2019.

May 4<sup>th</sup> is MAY the FORTH or Star Wars Day. More board games, more snacks, more activities. Come in costume if you want. It's always a great time for people of all ages.

Every Summer MSCL offers a Summer Reading Program open for students aged 7-12 for five weeks starting July 11<sup>th</sup>. Sign ups for this program opens in early June. Monitor the facebook page for exact dates. There is also an ongoing Reading Program for the Summer months with reading logs and prizes for all ages; preschool-adults.

We were able to raise enough money through the Lebanon mug and crock sales to purchase passes to the Children's Museum of New Hampshire in Dover, NH. Please inquire to reserve a pass at the library.

The library is located inside the Hanson School at 53 Upper Guinea Road. MSCL's hours are:

**Fall Hours** (whenever school is in session) Story Time Saturday at 11:00  
Monday, Wednesday and Thursday 3:30-7:30 and Saturday 10:00-1:00

**Summer Hours** Story Time Tuesday 12:30

Tuesday and Wednesday 11:00-3:00 Thursday 11:00-2:00 AND 5:00-8:00

Come Be A Part of It!

Marcy Polletta

MSCL Librarian

# Lebanon Fire and EMS

15 Upper Guinea Road  
Lebanon, Maine 04027

(s) 207-457-6556

(f) 207-457-6006

*Chief Steven S. Merrill*

[S. Merrill@lebanonfireems.org](mailto:S.Merrill@lebanonfireems.org)

---

Lebanon Fire and EMS is an organization that strives to safely assist the citizens, travelers and members of the department. We do our best by having integrity, transparency, improving knowledge and also hands on skills, being safety conscious and by supporting each other in every situation. With all this in mind, we've risen to meet the everyday challenges that have been brought to us.

In 2018, the department responded to 710 calls of service to include 508 EMS calls and 202 Fire calls. Out of those calls, we responded 146 times to calls that were overlapping each other, meaning while we were on one call, another one or two calls came in. The calls that we responded to in the year, had some interesting challenges that we were given, and we were able to mitigate the issues.

The 710 calls for 2018 was 10% over the call volume in 2017, which means 100 more calls. With the increase of calls in the year, it means more wear and tear on the vehicles, increase in fuel usage, supplies used and salary for the paid call responders. In this increase, we did generate revenue from some of the EMS calls, but the fire calls do not generate any to cover the rising costs of doing business in the fire and EMS field.

When I was hired in February of 2018, one of the objective was to evaluate the departments vehicles, Maine EMS reports, ambulance billing, emergency run reporting, medical/fire equipment, responders safety, department education and services that the department provides. We then set forward to show our greatest needs and to accomplish a more proficient system to set in place.

The goals reached were,

- Quality Improvement Program - Reviewing ambulance patient care reports and coaching the members on ways to improve report writing. In doing this, it has led to more revenue generated for the town. In the year, we have not received any questions from our billing company on the patient care reports, doing proper assessments and license staffing on reports, has led to an increase of revenue of over \$50,000 during the same six-month time period as the year before.
- Vehicles — We were able to acquire a new ambulance and replace the departments van with a pick-up truck for safety concerns. We now also have a maintenance schedule on the vehicles to assist in the preventative issues.
- Department Reporting — We acquired a software program to maintain department records that are mandated by federal and state entities. This new software will help keep track of calls in several

different ways, plus when we apply for grants, we will be able to have the required 3 years of statistics that are reviewed by committees in the grant process.

- Medical and fire equipment were upgraded from a grant and also securing a donation of \$10,000. Purchased through these funding's were emergency pediatric kits, a large diameter intake valve, nozzles, thermal imaging camera, chain saw, power cut off saw, hooks and hand lights.
- We also have purchased 6 sets of firefighting gear to bring some of the sets of gear up to National Fire Protection Associations standards.
- Upgrade of the telephone system. The telephone system was an old residential system that was in both stations. We were able get a business class voice over internet system and finally able to get a voicemail system as well. With the new system and purchasing new phones for both stations, we were able to save money for years to come.

In June of 2018, the Citizens of Lebanon voted on several items on the referendum. The items included the department budget, a new ambulance and funds for capital improvement projects (CIP). These projects include money set aside for a new fire truck, communications, selfcontained breathing apparatus (airpacks), Fire - EMS Gear and equipment (hose, nozzles etc). When doing it this way, the town sets aside the money specifically for each fund and can only be spent on this specific equipment and not anything else. These CIP funds will take time to build up, but we see this as a 5 to 10-year planning and savings stage that is controlled by the town. Keeping this time frame in mind, we still need equipment to do the job now.

On this coming referendum, you will be asked to continue the funding for the previously mentioned CIP's, department budget and three additional questions. The questions to be asked are to purchase equipment that is needed as soon as possible.

### Fire/EMS Gear

- 10 sets of full firefighting gear to include helmets, boots, coat, particulate hoods, gloves, pants and flashlights. We are adding gear for some new members coming in and also replacing some of the aging sets of gear.
- 5 set of EMS Gear to include the same ensemble that of the fire gear. This will provide flash fire protection to the EMS members if there was a flash fire at a motor vehicle accident.
- 4 Bullet Proof Vests — One size fit all, to be placed on the ambulances. In today's society, it doesn't matter where you live anymore or how small the area is. We respond more and more to domestic violence calls, persons with guns and just the unknown. We know we are not the State Police, but many of these types of responses, we go with them. This adds that extra protection for our responders in cases of violence. In the State of Maine, it is now a class c crime for anyone who assaults a first responder. This is also considered the same as an assault on a police officer.

### Medical Equipment

We currently need to purchase medical equipment that is aging, some that doesn't work properly and new technology to help us do our jobs better.

- Ambulance Stretcher — One of the stretchers we currently have, was purchased in 2004. This manual 15-year-old stretcher has out lived the recommended use by 5 years and now does not qualify to be maintained by the manufacturer. The problem with this style of stretcher as it ages, the locks sometimes do not catch appropriately and will collapse with a patient on it. We have been very conscious to make sure it locks, but as it ages the possibility of it happening increases. Also replacing this stretcher decreases the chances of back injuries for the responders, as the new stretchers are electric/hydraulic.
- We are also looking to replace the two Intravenous Pumps the department owns that do not work properly. These pumps are mandated by the State of Maine EMS for any service that is either licensed at or permitted to the paramedic level. These pumps need to be replaced for better patient assistance when having to administer certain intravenous medications in measured dosages per patient weight. Circumstances it would be used, cardiac events to include cardiac arrests with return of spontaneous circulation and anaphylaxis (allergic reactions).
- Another important aspect of our job is to provide patient airway maintenance. The department would like to purchase two (one for each ambulance) video laryngoscopes to assist in intubating a patient to protect the airway. When I state protect the airway, it means using a medical grade tube to be inserted into the airway of an unconscious trauma or cardiac patient to be able to maintain ventilations and protect it from foreign objects from going into the lungs. Currently the paramedics are doing a manual visualization of the airway when inserting the tube. When there is an airway that is starting to become swollen or an obstruction, the videoscope is an additional tool that will help us secure the airway by showing us what we cannot visualize by the human eye.

#### Overnight Fire/EMS Coverage

Currently the department has per diem fire and ems coverage at the station from 6 am to 10 pm Monday through Friday and 6 am to 6 pm Saturday and Sunday. The remaining night hours are covered by the responders who live within the response district from their homes.

Last year the department had 710 calls for 2018 and out of those calls the breakdown is 555 calls while the station is manned and 155 calls when the station is unmanned. When the station is manned, the average response time for the apparatus to go enroute is just over 2 minutes and when unmanned at night the average response time is 11 minutes, before the trucks go enroute to a call as they respond from home. This could take longer, depending on the weather and road conditions. Once the truck is enroute and where the call is, it could be another 10 minutes before someone arrives on scene to help the person(s) in need.

What we would like to do, staff the current unmanned overnight shifts with one qualified per diem person to get either a fire truck or ambulance out the door in under four minutes. The remainder of the persons would either meet that truck on scene and or get another truck if needed. Ultimately, we would've liked to have two people staffed overnight to give everyone the quickest response and best patient care possible at a cost-effective price.

The goal is to cover all shifts with a Firefighter/Paramedic and sometimes that is hard to do, but we do our best to provide you with the best coverage we can and if adding this per diem person to get the

equipment out faster and to you quicker, then that is just one part of the job that we accomplished better.

We know that this is a lot of information and if you have any questions, please do not hesitate in contacting me at the department to discuss the happenings. We are here to serve you in the best capacity we can, but we need your help in letting us provide better services to you with education, equipment needs and better response times.

I would like to thank the residents of Lebanon who have supported us over the year and in years past.

I cannot go without saying thank you to the men and women of Lebanon Fire and EMS. Without their dedication, time away from their family and willingness to bring the department forward, has nothing but impressed me. I look forward to continuing a great working relationship with them all and I wish them great success in years to come.

Respectfully,

Steven S. Merrill  
Fire-EMS Chief  
EMA Director  
Public Health Officer

# VIRGE ATKINS FUND

The Virge Atkins Fund is an endowment fund developed through a bequest by Lebanon resident, Virge V. Atkins. The bequest was made to Home Health Visiting Nurses which is now known as MaineHealth Care at Home. The fund is to be used for the benefit of elderly residents of the Town of Lebanon, “including but not by way of limitation, the purchase of eyeglasses, hearing aids, dentures, and the like.” The fund is administered by MaineHealth Care at Home. Applicants must be 65 years old or older, have a financial need at or below 175% of Federal poverty level and be residents of Lebanon Maine. Application forms can be found on the Town’s website ***www.lebanon-me.org*** or at the Town Office. If you have any questions, please contact Lynne Davis-Gilmore at the Town Office 207.457.6082 ext. 110 or Ginny Dohse at MaineHealth Care at Home 800.660.4867.

**We encourage anyone that could use these services or if you know someone that could, please apply.**

*For more information on MaineHealth Care at Home visit their website at ***www.mainehealthcareathome.org****

## GENERAL ASSISTANCE

The state of Maine has created a program known as General Assistance (GA) to help needy residents. It is run locally, by your town office/government and it is only for residents of that municipality.

This is for short term needs when the resident has either a shortfall in income or excessive expenses. **GA will not cover long term needs.** The General Assistance fund is a program that is run by every town throughout Maine to help people who live in that town who don't have enough money for a short period of time to pay their necessary living expenses.

You need to apply at your local town office. The applicant needs to be a resident of that area. Anyone can go to the town office in which they live and ask for and fill out an application. The application process will require that the individual provide extensive information. For example, you will be asked to write down your total household income, provide a list of all your expenses, such as rent, heating fuel, electricity, food and other things you must pay for, and also tell what cash you have on hand. You will also be asked if you have any bank accounts, cash, cars, or other things or assets of value. You will be asked for receipts, bank statements, pay stubs etc.

**All assistance is granted in voucher form and no cash assistance is granted.** Prior to making an appointment, an individual should pursue other sources or assistance because General Assistance is intended to be a program of last resort.

Applications can be found on the Town website at [www.lebanon-me.org](http://www.lebanon-me.org) or at the Town Office. The General Assistance Office is available for appointments on Mondays from 8:00am through 12:00pm. Once you have completed your application contact Lynne Davis-Gilmore, the General Assistance Administer at 207.457.6082 ext. 110 for an appointment or if you have any questions.

### General Assistance Expenses for Fiscal Year 2018:

• Housing	\$ 1,517.00
• Heating	\$ 1,245.97
• Electricity	\$ 95.64
• Food	\$ 67.60
• Prescription's	\$ 19.99
• Hotel Room	\$ 136.11
<b>Total Aid</b>	<b>\$ 3,082.31</b>

**PLANNING BOARD**  
**JULY 2017 TO JUNE 2018**

**July/2017:**

**Planning Board Members:** Paul Philbrick-Chairman, David Harriman- Vice-Chairman, Sarah O'Brien, Amy James Clerk- Jenn Griffin

**July 10<sup>th</sup>:** Eastwood Condominiums revised plan and application was presented to the Board – project has been sent to Southern Maine Planning and Development Commission for review – comment. Proposal for Woodland Estates Subdivision plan be revised - a Public Hearing was scheduled for Monday, August 7<sup>th</sup> at 7:30 pm. The proposal to subdivide a piece of property for family was brought before the board. Motion to require that a vote of 3 to approve any matter. If only 3 members are present at the meeting, then all three members must agree in order for a motion to pass. The Chairman and Vice-Chairman seats were voted upon. A workshop for Monday, July 31<sup>st</sup> at 6:00 pm was scheduled to review the updated checklist for reviewing subdivisions

**July 31<sup>st</sup>:** Workshop to review and update the checklist for reviewing subdivisions

**August/2017 to September/2017:**

**Planning Board Members:** Paul Philbrick- Chairman, David Harriman- Vice-Chairman, Sarah O'Brien, Amy James, Andy LePage Clerk- Jenn Griffin

**August 7<sup>th</sup>:** The board continued in the review of the Eastwood Condominiums project. Proposed change/addition to the Woodland Estates Subdivision on previously approved and recorded plan. Proposed family subdivision/ROW, Comprehensive Plan update, vote on the Subdivision Approval Checklist

**August 28<sup>th</sup>:** Updated plans/information for Eastwood Condominiums was submitted to the board. The board voted to accept the plan with conditions. An application was presented to the board for a minor subdivision.

**September 15<sup>th</sup>:** Workshop to discuss the site review for a proposed minor subdivision.

**October/2017 to December/2017:**

**Planning Board Members:** Paul Philbrick-Chairman, David Harriman- Vice-Chairman, Sarah O'Brien, Amy James, Andy LePage, Paul Peace, Dan Boivin Clerk – Jenn Griffin

**October 2<sup>nd</sup>:** Introduced new members, the board decided that a minor subdivision previously brought to the board was not a subdivision, but it is a division for family. Selectboard Chairman Harlow presented information on the Shoreland Zoning Ordinance. The board will need to review the Ordinance and have possible revisions ready to present to the voters for the June/2018 vote.

**October 24<sup>th</sup>:** A State representative from the Department of Environmental Protection, presented a workshop on the various aspects of the Shoreland Zoning process, procedures.

**November 6<sup>th</sup>:** Two Shoreland Zoning applications were brought before the board, site reviews were scheduled for Saturday, November 11<sup>th</sup> for the Shoreland Zoning applications. A traffic movement permit was requested for Route 202. There was a Comprehensive Plan update.

**November 11<sup>th</sup>:** Site reviews for SHORELAND ZONING took place

**November 17<sup>th</sup>:** Site review discussion of SHORELAND ZONING site reviews performed on November 11<sup>th</sup>.

**December 4<sup>th</sup>:** Continued discussion SHORELAND ZONING best practical location application, new SHORELAND ZONING expansion application

**January/2018 to June/2018**

**Planning Board Members:** Paul Philbrick- Chairman, David Harriman- Vice-Chairman, Sarah O'Brien, Amy James, Andy LePage, Paul Peace and Dan Boivin Clerk- Jenn Griffin

**January 8<sup>th</sup>:** Continued with SHORELAND ZONING expansion application, SHORELAND ZONING expansion application, Eastwood Condominiums FACTS OF FINDINGS AND CONCLUSIONS OF LAW, SHORELAND ZONING best possible location FACTS OF FINDINGS AND CONCLUSIONS OF LAW.

**February 5<sup>th</sup>:** Chairman Harlow presented a revised copy of the Shoreland Zoning Ordinance for the board to review and offer suggestions. SHORELAND ZONING expansion approval rescinded, sent to Code Enforcement Officer. Discussion took place in regard to the creation of Planning Board Rules of Conduct.

**March 5<sup>th</sup>:** Shoreland Zoning Ordinance was reviewed by Selectboard Chairman Harlow and the planning board, The SHORELAND ZONING permit process was discussed. A public hearing for the proposed SHORELAND ZONING Ordinance changes was scheduled for April 2, 2018. The board reviewed the draft copy of the Planning Board Rules of Conduct.

**April 2<sup>nd</sup>:** SHORELAND ZONING Ordinance Public Hearing took place. Resident submitted a revised SHORELAND ZONING application for expansion. Site review scheduled for April 9<sup>th</sup>. The board reviewed the updated draft of the Planning Board Rules of Conduct. Changes were made and will be reviewed at the next meeting.

**April 9<sup>th</sup>:** The board and the Code Enforcement Officer participated in a SHORELAND ZONING Site Review in regard to a revised application. A workshop was held afterwards.

**April 30<sup>th</sup>:** **The resident who submitted** the revised SHORELAND ZONING application made the decision to withdraw the application. The Planning Board Rules of Conduct were discussed and changes will be reviewed at the next meeting. Resident came before the board with questions with subdividing land with family and building homes as well as rights of way. Another SHORELAND ZONING application for best practical location and the disturbance of soil was presented.

**May 7<sup>th</sup>:** No meeting – held meeting on April 30<sup>th</sup> instead

**June 4<sup>th</sup>:** Selectboard Chairman Harlow addressed the board proposing a Land use Ordinance. Chairman Harlow invited the board to review a draft of the ordinance when complete for input. FACTS OF FINDING AND CONCLUSIONS OF LAW were reviewed and voted upon for two SHORELAND ZONING applications. The Planning Board Rules of Conduct were voted upon and approved.

**For additional information on what transpired at any of these meetings, please refer to the Town of Lebanon website – Planning Board minutes.**

All meetings are open to the Public, and citizen input is solicited through Public Hearings held on specific reviews. For Planning Board minutes, agendas, ordinances, and other relevant information, see the Planning Board pages on the Town website. (Note: The meeting minutes are also available in the Town Office lobby.) If you are interested in being on the Planning Board, please contact: Jenn Griffin – Planning Board Clerk

Planningbd@LebanonMaine.org (207) 457-6082 ext.111

**Note: Planning Board meetings are now being videoed and are available on You Tube.**

Respectfully Submitted,  
Paul Philbrick  
Planning Board Chairman

## 2018 - Conservation Commission Annual Report

This year Lebanon voted to establish a Community Forest on 275 acres along Hebo-Hybo Road. The Community Forest will be managed by the Commission for a mix of sustainable resources: wildlife habitat, forestry, water quality protection, and low-impact recreation. Preliminary meetings and hikes to the property with interested citizens have provided an initial basis for a long-term management plan now being developed. New signage, an informational kiosk, and some trail construction are planned for the upcoming year. We are excited about the educational potential of this property and thank the voters for their support.

The Commission also has provided input to the Planning Board regarding the development of several properties. We participated in the annual Lebanon Day activities and continue to manage Gully Oven Natural Area, our town's geological gem.

The Conservation Commission meets the 3<sup>rd</sup> Thursday of each month at the Sawyer Library at 6:30 pm and meetings are open to the public. Commission members are: Don Leuchs, George Main, Sandy Hutchinson, River Bissonnette, Ed Cheever, Ruth Gutman, and John Bozak.

Reach us at: [lebanonconservationcommission@gmail.com](mailto:lebanonconservationcommission@gmail.com) or visit us on Facebook

February 1, 2019

Dear Noble Citizens,

The 2018-2019 school year is nearly at the 100 day mark. We have high points and challenges I wish to share with you.

We are very proud of the burgeoning development of the Multiple Pathways (MP) Program at NHS and the Mary Hurd Academy in North Berwick. Also, one of Assistant Superintendent Sue Austin's many hats is district homeless liaison. In that role, she has been working with community-wide support to place homeless NGS students. Many thanks to our wonderful families for opening up their homes to assist students in daunting life situations.

Concerning Proficiency-Based Education, we are seeing a continual increases in high school grade point averages and SAT scores! Noble High School is a leader in the shift from the archaic one size fits all schools that has American dominated education for the last century. Our students learning is based on progress toward specific standards instead of comparing one student to the person in the seat next to him/her.

At the elementary level, our K-3 students have shown consistently strong gains in literacy, thanks in large part to our work with Literacy Consultant Carrie Thurston and the ongoing professional development of our dedicated staff. Simultaneously, the 4-7 grades are working with district literacy coaches and are taking the deep dive into Lucy Calkins Writing training and embedding key strategies from a district text read, *Core Six*.

Elementary math work involves the pilot of Eureka Math, a highly-regarded program out of "Engage New York." We will continue to compare results to Everyday Math. Our state math scores have been inconsistent, so we continue to track that data to analyze what is working and what is not.

As our communities continue to grow, we will be adding portables this summer to each of the elementary schools. NBES and Hussey are in the planning phases for expanded facilities over the next two to three years. Lebanon Elementary is in the planning phases for a new school to replace that aging structure over the next four to five years. And Noble Middle School continues to experience significant renovations as it has over the past three years. Plans for additions and a replacement school will be brought to a district referendum and also must pass Maine DOE approval.

Please consider joining us for Board-level budget discussions. The meeting agendas are posted regularly on the district website. Thank you for your continued support as we strive to move from good to great!

Regards,  
Steve Connolly

## INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen  
Town of Lebanon, Maine

Additional Offices:  
Nashua, NH  
Andover, MA  
Greenfield, MA  
Ellsworth, ME

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Lebanon, Maine, as of and for the year ended June 30, 2017 and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

### **Management's Responsibility for the Financial Statements**

The Town's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies

used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Lebanon, Maine, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the Schedule of Proportionate Share of Net Pension Liability, and the Schedule of Pension Contributions appearing on pages 35 to 36 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The accompanying supplementary information appearing on pages 37 through 38 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

*Melanson Heath*

Sallie Chandler  
York County Commissioner  
District 1  
[salliebc@metrocast.net](mailto:salliebc@metrocast.net)  
(207) 457-2197

## County of York Commissioners Office

After serving as your County Commissioner for twelve years and Chairperson of the Board for eleven years, I am reporting to you for the last time. I wish to thank you all for your continued support during my years as County Commissioner.

The County is committed to recognizing community service in York County towns and cities and held the third Spirit of America awards ceremony in November. Twenty nine citizens and/or organizations were recognized for their commitment to their communities and volunteerism. If in your town you have someone to nominate please contact Bruce Flaherty at [bwflah@gmail.com](mailto:bwflah@gmail.com)

York County continues to be a partner in the Food Pantry and the Child Advocacy Center of York County including providing space for each entity.

The county commissioners approved the funding to support the Layman Way Recovery Center. After two years of collaborative planning it opened in May of 2018. There have been graduates from the program who will now receive after care treatment and who have obtained employment.

YC EMA hosted their annual Emergency Management Open House in September 2018. The Life Flight helicopter made a visit and there were many educational booths illustrating the various resources available in York County.

York County EMA started a UAS (Unmanned Aerial System) / Drone program to assist Towns and Local Responders with Search and Rescue and other response needs during emergencies in the spring of 2017 and to date have provided Local Communities with 27 live assistance missions.

And just recently, the county commissioners approved a plan to start offering medical recovery to inmates at the York County Jail through ENSO Recovery.

Respectfully Submitted,

*Sallie Chandler*

February 5, 2019

**Town of Lebanon, Maine**

**Annual Report**

**2018**

To the Community we serve:

The Maine State Police-Troop A, is located at 502 Waterboro Road in Alfred, Maine. The State Police barracks consists of a troop commander, three sergeants, three corporals, one troop detective and ten troopers who provide law enforcement services for five towns in York County (Alfred, Dayton, Hollis, Lebanon and Lyman). Lieutenant Ross was the Internal Affairs / Professional Standards Sergeant prior to his promotion. He has been with the State Police over 16 years where he patrolled and worked as a detective in York County for the first half of his career. Lieutenant Ross had previously served with the Portland Police Department and the New York City Police Department.

Also within the confines of the Troop A barracks are detectives with the Maine State Police Major Crimes Unit, Maine Warden Service and the Maine Fire Marshal's Office. All members of the Troop work closely with these units to provide assistance and support when needed.

The State Police bring several other resources to the law enforcement and public safety platform for the town of Lebanon and surrounding communities. The State Police Specialty Teams are the best in the state and include a Tactical Team, Evidence Response Team, Underwater Recovery Team, Bomb Team, Air Wing, Canine Team, Crisis Negotiation Team and the Incident Management Team (handle large scale events). In addition to Specialty Teams the State Police Commercial Vehicle Unit has several Troopers assigned to the York County area which will assist patrol units when necessary.

During 2018 the State Police covered a total of 2282 calls for service in Lebanon. This is an increase of 300 calls from the previous year.

In general, the overall trend in criminal activity for Lebanon is relatively flat, this is attributed to the methodology conducted by Troop A to reduce crime and disorder activity. The area of most concern is the opioid epidemic that is afflicting New England including the State of Maine. We are seeing more serious drug violations and are expecting there will be continued problems in this area. Fortunately, the attention this issue is receiving from our state and national representatives should assist with our collective efforts to combat this recent threat to our communities.

Troop A could augment patrol coverage for Lebanon during 2018 with the use of special traffic details for OUI, distracted driving, seatbelt, and speed enforcement. We also continued to partner with our surrounding police agencies to assure that collaboration and information sharing is maintained as an important part of our investigative and preventative efforts for Lebanon.

The Town of Lebanon should also be aware that Troop A now has two canine officers, three troopers on the State Police Tactical Team, one drug recognition technician, one negotiator and one firearm instructor. We also have a number of troopers that are highly skilled in a number of other areas not the least of which is crisis intervention for persons suffering from mental illness.

During 2018 the State Police, Troop A – continued to work with the Selectpersons, community and businesses of Lebanon to assure several annual events were conducted in a safe, successful manner. The collaboration with all entities involved is a good example of assuring the public's safety through cooperation and community partnerships. Working together will assure the upcoming year will reflect our best efforts to keep Lebanon safe.

Should anyone have questions regarding this report or any other related activity for the Town of Lebanon please feel free to contact us at Maine State Police - Troop A, 502 Waterboro Road, Alfred, Maine, 04002 or by calling 207-324-1150.

STATE OF MAINE  
OFFICE OF THE GOVERNOR  
1 STATE HOUSE STATION  
AUGUSTA, MAINE  
04333-0001

Dear Friends:

It was the highest honor of my life to take the oath of office to become Maine's 75th governor. Over the next four years, I will do everything in my power to make Maine the safe, beautiful, prosperous state we all want for our children and grandchildren.

That is why on my first day in office I directed the Maine Department of Health and Human Services to implement Medicaid expansion as quickly and efficiently as possible. My Administration will ensure that it is paid for sustainably; that the cost of health insurance is controlled; and that the cost of prescription drugs is reined in. In addition to creating a Director of Opiate Response to marshal the collective power and resources of state government to stem the tide of the opioid epidemic, we will make Narcan widely available, increase access to medication assisted treatment and recovery coaches, and expand drug courts.

We also need a healthy environment. My Administration will embrace clean energy; change our modes of transportation; weatherize homes and businesses; and reach a goal of 50 percent of our energy coming from Maine renewable resources. By reducing the impacts of climate change, we will create good-paying jobs, preserve our environment, and protect our state's farming, fishing, and forestry industries.

We will also develop a world-class workforce starting with Pre-K for every 4-year-old in Maine and more post-high school options that result in a valued credential. Attracting talented young people to move here and make Maine their home will be top priorities of my Administration.

Maine communities, especially rural communities, are confronting a severe workforce shortage and an aging and declining population. It is time for bold, dynamic ideas that will change Maine for the better. That is why I, along with people ranging from small business owners, innovators and entrepreneurs, to economists and every day, hard-working Mainers, developed an economic plan designed to make it easier for small businesses to grow, for people to come and stay, and for Maine to thrive.

I welcome your ideas. We are all in this together. We all want Maine to have a beautiful environment, happy people, and prosperous communities

Thank you,

A handwritten signature in dark ink, appearing to read "Janet T. Mills".

Janet T. Mills  
Governor

STATE OF MAINE  
OFFICE OF THE GOVERNOR  
1 STATE HOUSE STATION  
AUGUSTA, MAINE  
04333-0001

PAUL R. LePAGE

GOVERNOR

Dear Citizens of Maine:

For the past eight years as your Governor, my priority has been to make Maine prosperous. I am proud to say that my administration has had some success, but there is more that can be done.

Mainers experienced strong, record-setting economic growth in 2018, setting so many new records: a record-high number of employers; a record-high number of private-sector jobs; record-high revenues for the state; record-low unemployment; and the fastest net-earnings growth in New England. Our poverty rate declined to the lowest since 2005 with the fewest number of children in poverty in 17 years. Maine's future is the brightest it has been in decades: there's more new businesses, more money in your paycheck, and better opportunities for our children. And that's what it's all about: the future of our state.

We have brought stability to state finances and implemented pro-business, pro-growth policies across state government. The incoming administration is taking on a state government that is vastly improved—both structurally and financially—from the one I inherited. Therefore, I have suggested to the new administration that now is the time to cut taxes by an additional 20 percent.

My administration lowered taxes by 20 percent for more than half-a-million Mainers. Cutting taxes for our families has proven to be an excellent policy decision. Despite this cut, we are seeing higher revenue in almost every tax category—sales and use tax, individual income tax, and corporate income tax. We must always remember that the revenue we receive in taxes is due to the hard work of Maine's people. Democrats stated they want to use surplus money to fully fund revenue sharing at 5 percent, rather than the 2 percent the towns have received for the past 6 years. **However, there is no guarantee your local government will cut your property taxes by one penny—never mind dollar-for-dollar—if revenue sharing is increased.**

The people of Maine and the municipal balance sheets would be better off if the state cut income taxes and allowed municipalities to collect property taxes or service fees from non-profits to supplement the local property taxes. Everyone should contribute to the operation of local community governments.

I encourage you to pay attention to what happens in your municipality and in Augusta. So many good people have worked much too hard to achieve our current prosperity. We must avoid letting politicians drive Maine's finances and its economy back into the ground. I promise you that I will be watching.

Sincerely,

A handwritten signature of Paul R. LePage in black ink.

Paul R. LePage  
Governor

**Senator Robert A. Foley**

Robert.Foley@legislature.maine.gov

**Annual Report to the Town of Lebanon**  
A message from Senator Robert Foley

Dear Friends and Neighbors:

Let me begin by thanking you for the opportunity you have given me to serve you in the Maine Legislature. It has been an honor working as a State Representative over the last four years and I am humbled by the opportunity to be your voice in the Maine Senate. I will continue to work tirelessly on your behalf, making sure that your interests are heard and well represented in Augusta.

This past legislative session proved to be the longest in recent memory. After dealing with a number of major policy matters, we finally adjourned September 13.

Perhaps the most significant action the Legislature took last year was the passage of tax conformity. Failing to conform would have been a nightmare for businesses as well as for low-income and elderly Mainers. Maine would have lost \$37 million in one-time repatriated revenue that the state would never have gotten back. Due to the Legislature's action and willingness to work together on the passage of tax conformity, Maine tax filers were unharmed by this policy change.

The 129<sup>th</sup> Legislature has many challenges of its own. The top priorities this session include finding a way to provide affordable and accessible healthcare to all Mainers, tackling the opioid crisis, education reform and funding, and lowering property taxes. I hope the Legislature can come together to tackle the difficult issues facing our state, and as always, I am ready to help.

You have my sincere thanks for allowing me to represent you in Augusta. Please feel free to contact me at (207) 287-1505 or [robert.foley@legislature.maine.gov](mailto:robert.foley@legislature.maine.gov) if you have comments, questions or if you would like assistance in navigating our state's bureaucracy.

Sincerely,

A handwritten signature in cursive script that reads "Robert A. Foley".

Work: (207) 608-5724

[Theodore.Kryzak@legislature.maine.gov](mailto:Theodore.Kryzak@legislature.maine.gov)

January 2019

Dear Friends and Neighbors:

I would first like to thank the residents of Lebanon for electing me to be your State Representative. It is a responsibility I will take seriously and I look forward to servicing in the 129th Legislature. Currently, the State of Maine is facing many critical issues that will require thoughtful action.

I will be proudly serving on the Taxation Committee, which reviews legislative proposals involving many important topics such as; Bureau of Revenue Services and State Board of Property Tax Review; state and local taxes; tax exemptions and credits; tax expenditure review; taxpayer relief programs; property valuation and assessment; tax increment financing; municipal revenue sharing; taxation of unorganized territories; and tree growth and other current use tax issues.

The most rewarding component of serving as your State Representative is helping my constituents navigate the bureaucracy that is Maine State Government. Should you ever find yourself in need of assistance, please do not hesitate to contact me via e-mail at [Theodore.Kryzak@legislature.maine.gov](mailto:Theodore.Kryzak@legislature.maine.gov) or feel free to call me anytime at **608-5724**. If you would like to be added to my email update list, you can do so by emailing me directly with your request.

Thank you again for giving me the honor of serving you in Augusta!

Sincerely,

Theodore Kryzak  
State Representative

## United States Senate

WASHINGTON, DC 20510

January 3, 2019

COMMITTEES:  
ARMED SERVICES  
BUDGET  
ENERGY AND  
NATURAL RESOURCES  
INTELLIGENCE  
RULES AND ADMINISTRATION

Dear Friends,

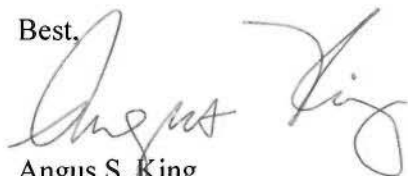

As I travel Maine, I hear from people who live in every corner of our state. I hear about their achievements, their successes, their work to improve their communities – I hear about the hope they have for our state. I also hear about our challenges, and all the work we have left to do. As I see it, that's my job: to listen to you, act where I can to build on what's good, and work on the tough parts. As 2018 comes to a close, I wanted to take a moment to share an update on some of the work we're doing in Washington to lift up the accomplishments of Maine people and make progress on the challenges they face.

From Portland to Presque Isle, from Milo to Camden, I hear about the pain that the opioid epidemic is inflicting on Maine communities. I've met with Maine people in recovery, family members of those struggling with substance use disorders, treatment providers, and law enforcement officials to learn about their experiences with this terrible disease, and everyone agrees that in order to fully respond to these problems, we need a stronger federal effort to end the opioid epidemic. Fortunately, some help is on the way – in October, we overwhelmingly passed a sweeping, bipartisan opioids bill. I've pushed hard for this type of legislation and was proud to have provisions I've advocated for included in the bill. These priorities have been guided by the voices of Maine people, and we'll keep working to confront this tragic problem.

I've also worked to strengthen the future of our forest economy. Maine's forests have powered our state's economy for generations, especially in our rural communities. So, when rapid shifts in the market led to the closure of many pulp and paper mills and biomass power plants, it required a collaborative approach to support future growth in this important industry. That's why, together with the other members of the state's Congressional delegation, I pushed to establish the Economic Development Assessment Team (EDAT). This integrated, multiagency effort aims to foster innovation and commercialization in Maine's forest economy, and we're already seeing the benefits: in recent months, several forest industry businesses have announced significant investments into Maine operations, and in September 2018, the Forest Opportunity Roadmap (FOR)/Maine released an action plan to make sure this industry, and the rural communities it supports, can continue to thrive for generations to come.

As I close this letter, please allow me to express my gratitude to each of you – for your dedication to our state, and to one another. It's often said that Maine is like a big small town (with very long streets)—that's because at our heart, we're one big community. It's not only a pleasure to serve you— it's a pleasure to know you. Thank you for being the reason Maine is so special. Mary and I hope that 2019 will be a good year for you, your family, your community, and our great State.

Best,

Angus S. King  
United States Senator

COMMITTEES:  
SPECIAL COMMITTEE  
ON AGING,  
CHAIRMAN  
APPROPRIATIONS  
HEALTH, EDUCATION,  
LABOR, AND PENSIONS  
SELECT COMMITTEE  
ON INTELLIGENCE

Dear Friends,

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our state have placed in me and welcome this opportunity to share some key accomplishments from this past year.

As Chairman of the Senate Aging Committee, I worked to help ensure the well-being of our seniors. The *SeniorSafe Act* I authored became law last year and is empowering banks, credit unions, and other financial institutions to better protect seniors from financial fraud.

Following extensive committee investigations of prescription drug pricing, additional legislation I crafted became law, ending the egregious practice of pharmacy “gag clauses” that prevented pharmacists from informing patients on how to pay the lowest possible price.

This year, I was also successful in securing an extra \$425 million for Alzheimer’s research—the largest funding increase ever—bringing the total to \$2.34 billion. Additionally, the bipartisan *BOLD Act* I authored will create public health infrastructure to combat Alzheimer’s by promoting education, early diagnosis, and improved care management.

More than 40 million Americans—including 178,000 Mainers—are caregivers for parents, spouses, children, and other loved ones with disabilities or illnesses, such as Alzheimer’s. The *RAISE Family Caregivers Act* I authored was signed into law last year, giving caregivers more resources and training to better balance the full-time job of caregiving. Another law I wrote will help grandparents who are raising grandchildren, largely due to the opioid addiction crisis.

In addition to helping seniors, a major accomplishment over the past year is the increased federal investment in biomedical research that is leading to progress in the fight against numerous devastating diseases. Congress has boosted funding for the National Institutes of Health by \$7 billion in just the last three years, bringing total funding to more than \$39 billion.

One of my highest priorities as Chairman of the Transportation Appropriations Subcommittee is to improve our nation’s crumbling infrastructure and ensure that Maine’s needs are addressed. Since the Better Utilizing Investments to Leverage Development (BUILD) Transportation Grants program, formerly known as TIGER, was established in 2009, I have secured \$160 million for vital transportation projects throughout Maine.

Congress also delivered a Farm Bill last year, which includes many important provisions that will help the agriculture industry in Maine and across the country. Specifically, I secured provisions that will strengthen support for young farmers, improve local farm-to-market efforts, and increase funding for organic research.

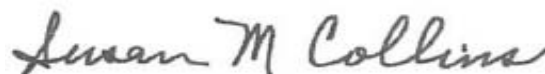

Congress took decisive action to address the opioid addiction epidemic. In addition to appropriating \$8.5 billion in federal funding last year, Congress enacted the *SUPPORT for Patients and Communities Act*, a comprehensive package that embraces the multipronged approach I have long advocated for this epidemic: prevention, treatment, recovery, and enforcement to stop drug trafficking.

Maine plays a key role in ensuring a strong national defense. In 2018, Congress provided funding for five ships to be built at Bath Iron Works, which will help to keep our nation safe and provide our skilled shipbuilders a steady job. I also secured more than \$162 million for infrastructure projects at Portsmouth Naval Shipyard to support their important work to overhaul Navy submarines.

A Maine value that always guides me is our unsurpassed work ethic. In December 2018, I cast my 6,834<sup>th</sup> consecutive vote, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Maine in the United States Senate. If ever I can be of assistance to you, please contact one of my state offices or visit my website at [www.collins.senate.gov](http://www.collins.senate.gov). May 2019 be a good year for you, your family, your community, and our state.

Sincerely,

Susan M. Collins  
United States Senator

CHELLIE PINGREE  
CONGRESS OF THE UNITED STATES  
1<sup>ST</sup> DISTRICT, MAINE

Dear Friends,

I hope this message finds you well. I am honored to represent you and your family and am grateful for the chance to offer both an update from Congress and my thoughts on the year ahead.

In Maine, we care less about political parties than about getting the job done. That's why I'm happy to report several recent victories I had reaching across the aisle to address issues important to our state.

Signed into law after months of deadlock, the 2018 Farm Bill contained several provisions I introduced. We were able to boost local food investment and organic research programs that are important to the Maine farmers driving a resurgence in our agricultural economy. The bill also created a pilot program to help doctors write prescriptions and offer vouchers to patients who need to change their diet but can't afford fresh food. Finally, the legislation included several steps I introduced to reduce food waste, a national problem that is not only costly to the environment and economy, but a missed opportunity to help millions of Americans who don't have enough to eat.

At the end of 2018, the President signed into law legislative language I introduced to assist veterans who had been blindsided by debt with the Department of Veterans Affairs. After hearing from several veterans who did not receive mailings about their debt until it was too late to take action, I introduced a bill to require the VA to improve its notification system. The final legislation requires that veterans have the option of getting electronic notifications and that the VA report on the underlying issues.

And on the House Appropriations Committee, I worked to protect programs that our state relies on, such as small business grants, rural broadband investment, effective responses to the opioid epidemic, shipbuilding at Bath Iron Works, and more.

As a new Congress gets underway, I will keep working with Republicans to make progress on key issues like these. But with Democrats now in the majority, I look forward to having an open debate on problems that have been ignored for too long. This includes the gun violence plaguing our nation, the dangers climate change presents to our country, crushing student loan debt, the influence of big money in politics, and the need for all Americans to access affordable health care and prescriptions.

In Washington and Maine, my offices stand ready to answer your questions, listen to feedback, and assist with federal issues and agencies. My hard-working staff helps many hundreds of constituents every year and I welcome the chance to serve you.

Best wishes,

Chellie Pingree  
Member of Congress

## American Legion Lebanon Post 214

Veterans Serving Veterans, Our Community and Country

The American Legion Post 214 of Lebanon, Maine was formed and received a charter in 2007. We continue to seek out and encourage local veterans to join us in continuing to serve by supporting other veterans and our local community. We currently have a post membership of about 50 members. There are many more eligible veterans in town and the surrounding area. We hold our meetings at 6:30 pm, the second Wednesday of every month, in the function hall, at the First Parish Congregational Church, at the top of the hill on Center Road. If there are any veterans that wish to join the post, they should contact one of our legion members to discuss eligibility requirements and to assist them in joining. Our organization is dedicated to assisting veterans and making a positive contribution in our community. We have been involved in town activities from Memorial Day Ceremonies to Veterans Day events and many other events throughout the years. Post 214, with the assistance of the Historical Society, helps with the upkeep and places American flags on Veteran's graves in all of Lebanon Cemeteries. We also serve as a collection point for old unserviceable U.S. Flags to ensure they are disposed of respectfully. Flag collection boxes are located in the town office and the post office.

Post 214 has an active role in the Lebanon community by supporting local sport teams and youth organizations. We are the sponsor organization for several Scouting organizations in town. Some other examples of our involvement are the 'Trunk of Treat' event, where candy is given out at Halloween and donations to the town office for those in need during Thanksgiving and Christmas. We are also involved in town cemetery projects, where cemeteries are cleaned of debris. In order to support some of these events, the post has to raise funds. We hold yard sales and raffles from time to time. The post uses the CLYNK program where we collect returnable cans and bottles; these funds are used for veteran in need as well as other post needs. Additionally, the post has started an Air Rifle Marksmanship Club, where post members can practice marksmanship, enjoy friendly competition and comradery.

If you are interested in joining our post, or would simply want to learn more about the American Legion and its presence in our community, please call me or one of the post officers or members. The present officers of Post 214 are Commander James Cray, 1st Vice Commander Steve Wanager, Adjunct Gerry Kibbey, Finance Office Ronald Boardman, Service Officer Rene Doiron, Chaplain William Neal, and Sargent-at-Arms Faye Brewster. Post 214 can be reached via mail at P.O. Box 176, Lebanon, Maine 04027

*James Cray*  
Commander

# First Parish Congregational Church Food Pantry

P. O. Box 157, Lebanon, Maine 04027

*(Serving Lebanon Residents by appointment)*

Donations of non-perishable food and personal care items such as shampoo, toothbrushes/paste, etc. are greatly appreciated!

*(Thanks to Lebanon Post Office for hosting a drop box in their Lobby!)*

For those in need of assistance please contact

Selectmen recommend: Yes 2 No 0 Abstain 1

☐ Yes **REFERENDUM 38:** Shall the Town of Lebanon vote to appropriate all monies received from the State for snowmobile registrations to the Lebanon Trail Riders Club for maintenance of their system or network of snowmobile trails, on the condition that those trails are open in snow season to the public for outdoor recreation purposes at no charge, and to authorize the municipal officers to enter into an agreement with the Club, under such terms and conditions as the municipal officers may deem advisable for that purpose?

☐ No

Selectmen recommend: Yes 3 No 0 Abstain 0

Budget Committee recommend: Yes 7 No 0 Abstain 0

- ☐ Yes **REFERENDUM 39:** Shall the Town of Lebanon carry forward to the 2019-2020 fiscal year, any remaining balance from the \$8,000 that was raised and appropriated during the 2018-2019 fiscal year to be used for the completion of the Comprehensive Plan.
- ☐ No

Selectmen recommend: Yes 3 No 0 Abstain 0  
 Budget Committee recommend: Yes 7 No 0 Abstain 1

\*\*\*\*\*ADVISORY SURVEY - NON-BINDING\*\*\*\*\*

**QUESTION 1: RECYCLING**

Due to changes in the recycling market, costs for recycling have increased significantly. The Selectmen are seeking input. Should Lebanon: **(Choose One)**

- ☐ A. Continue its current recycling at an approximate total cost of \$144/Ton? Regular household waste costs approximately \$106/Ton.
- ☐ B. Stop recycling and just provide for Regular Solid Waste at \$106/Ton?
- ☐ C. Provide some segregated Recycling based on market conditions. Currently Cardboard has a small market and may make sense.

**QUESTION 2: ROADS**

The Town authorized a Road Study during 2018. Engineering firm Gorill Palmer has presented the study with several options for achieving a 10-year Roadway Improvement Plan. The study can be found on the Town website or at the Town Office. Considerable money will be required to implement the study and start on a path to improve our roads.

Based on the study's assessed condition of the roads, the total cost to maintain and rehabilitate all paved roads in the Town is approximately \$12.5 million. The plan focuses on addressing the roads in the preventative treatment category first to keep them from getting worse and becoming more expensive to repair. Also, this is only a 10-year Plan and there will still be significant road work to be continued. It is expected that we will need to keep the Paving/Road repair budget elevated to stay on track and not fall so far behind again. Please provide your thoughts on how the Town should pay for these improvements.  
**(Choose One)**

- ☐ A. Continue at previous budget levels, approximately \$235,000/year. At this level, based on the study, this amount is not adequate to make a substantial dent in improving the town roads and in fact roads will continue to deteriorate.
- ☐ B. Budget \$750,000 annually for paving/road repair. This option attempts to make a more significant impact in improving the condition of the Town roads.
- ☐ C. Borrow \$3 million using a 10-year municipal bond at an approximate interest rate of 2.5%, along with an annual budget of \$450,000 for paving/road repair. This option would front load the plan and hopefully take advantage of an economy of scale by bidding a significant amount of work at one time and in theory may result in better pricing.

**QUESTION 3: POLICE**

Police coverage has been a topic of discussion in Town. Please choose which option you would prefer.  
**(Choose One)**

- ☐ A. No change to current practice. Town has coverage provided by the Maine State Police. No local tax dollars required.
- ☐ B. Hire "Contract Deputies" from the York County Sheriff's office to provide coverage. Initial conversations suggest 6 Deputies would be required at an approximate cost of \$800,000/year.
- ☐ C. Form our own Police Department, to include staffing, training, infrastructure and outfitting. Rough estimate of cost is in excess of \$1 million.

**YOU HAVE NOW COMPLETED VOTING**

STATE OF MAINE  
MAINE SCHOOL ADMINISTRATIVE DISTRICT NO. 60  
DISTRICT BUDGET VALIDATION REFERENDUM  
OFFICIAL BALLOT FOR THE TOWN OF LEBANON  
JUNE 11, 2019

*Nancy Neubert*  
Chair of the School Board

INSTRUCTIONS TO VOTERS:

♦ Vote "Yes" or "No" by filling in the oval ● of your choice at the left of each article.

☐ Yes **Article 1:** Do you favor approving the Maine School Administrative District No. 60 budget for the upcoming school year that was adopted at the latest District budget meeting?

☐ No

☐ Yes **Article 2:** Do you wish to continue the budget validation referendum process in Maine School Administrative District No. 60 for an additional three years?

☐ No

INFORMATIONAL NOTE ON ARTICLE 2:

A "YES" vote will require Maine School Administrative District No. 60 to continue to conduct a referendum to validate its annual school budget for the next three years.

A "NO" vote will discontinue the budget validation referendum for at least three years and provide instead that the annual school budget shall be finally adopted at a meeting of the voters of Maine School Administrative District No. 60.
