Timothy Bragdon – Nature's Gift – SPR MLR – 1384 Carl Broggi Highway – 8:00 am:

The applicant had submitted a Site Plan for review. A new leach field was installed last year. The property currently shares a well with an abutting lot.

A second building is being proposed in the future. At that time a dumpster will be in place.

A stop sign needs to be placed at the entrance to the property as well striping once weather allows.
